Fast and Convenient

Saves time and money for both agencies and recipients.

The Automated Standard Application for Payments (ASAP) is a completely electronic system that federal agencies use to quickly and securely transfer money to recipient organizations.

Federal agencies enroll recipient organizations, authorize, and manage their accounts. Recipient organizations then request payments from these pre-authorized accounts.

Recipient organizations include state and local governments, educational and financial institutions, vendors and contractors, profit and non-profit entities and Indian tribal organizations.

ASAP is free for both federal agencies and recipient organizations.
