**31 CFR Part 285
Centralized Offset of Federal Payments to
Collect Nontax Debts Owed to the United
States; Final Rule**

DEPARTMENT OF THE TREASURY**Fiscal Service****31 CFR Part 285**

RIN 1510-AA65

Centralized Offset of Federal Payments to Collect Nontax Debts Owed to the United States

AGENCY: Financial Management Service, Fiscal Service, Treasury.

ACTION: Interim rule with request for comments.

SUMMARY: This interim rule describes the general rules and procedures applicable to the centralized offset of Federal payments to collect delinquent, nontax debts owed to Federal agencies. The Department of the Treasury's Financial Management Service has established the Treasury Offset Program (TOP) in order to centralize the process by which Federal payments are withheld or reduced (in other words, offset) to collect delinquent debts. This interim rule specifically applies to the centralized offset of all types of Federal payments by Federal disbursing officials to collect delinquent, nontax debts owed to the United States. Therefore, this interim rule affects persons who owe delinquent, nontax debts to the United States and who receive Federal payments. It also affects Federal agencies that are owed delinquent debts and that disburse and certify Federal payments. This rule does not apply to collection of child support debts and other debts owed to States.

DATES: This rule is effective December 26, 2002. Comments must be received by January 27, 2003.

ADDRESSES: All comments should be addressed to Gerry Isenberg, Financial Program Specialist, Debt Management Services, Financial Management Service, Department of the Treasury, 401 14th Street, SW., Room 151, Washington, DC 20227. A copy of this interim rule is being made available for downloading from the Financial Management Service Web site at the following address: <http://www.fms.treas.gov/debt>. Comments may also be received via the internet as directed on the Web site.

FOR FURTHER INFORMATION CONTACT: Gerry Isenberg, Financial Program Specialist, at (202) 874-6660; Tricia Long, Attorney-Advisor at (202) 874-6680.

SUPPLEMENTARY INFORMATION:**Background**

A major goal of the Debt Collection Improvement Act of 1996 (DCIA), Pub. L. 104-134, 110 Stat. 1321-358 *et seq.* (April 26, 1996), is to increase the collection of delinquent, nontax debts owed to the Federal Government. Among other things, the DCIA established a centralized process for withholding or reducing eligible Federal payments to pay the payee's delinquent debt owed to the United States. *See* 31 U.S.C. 3716(c), 31 U.S.C. 3720A(h), and 31 CFR 901.3. This process is known as "centralized offset" or "offset".

The Financial Management Service (FMS), a bureau of the Department of the Treasury (Treasury), disburses almost 900 million payments annually for the Federal government and is responsible for the implementation of centralized offset of Federal payments for the collection of delinquent, nontax debt. To meet this and other debt collection responsibilities, FMS has established TOP. By centralizing offset through TOP, FMS has consolidated and simplified debt collection procedures for the Federal Government. TOP allows agencies to submit debts to one centralized location for offset of all eligible Federal payments. By submitting debts to TOP to comply with 31 U.S.C. 3716(c)(6) (for offset of nontax payments), agencies simultaneously will meet the requirement to submit past-due, legally enforceable debts to Treasury for purposes of tax refund offset. *See* 31 U.S.C. 3720A(a). TOP also provides a mechanism for Federal agencies to collect debt through the centralized offset of the salaries of Federal employees. *See* 31 CFR 285.7.

TOP works as follows. Creditor agencies submit information about delinquent debts to FMS, which maintains the information in its delinquent debtor database. Payment agencies prepare and certify payment vouchers to FMS and disbursing officials at other Federal agencies (such as Department of Defense or the United States Postal Service), who then disburse payments. The payment vouchers contain information about the payment including the name and taxpayer identifying number (TIN) of the recipient. Before an eligible Federal payment is disbursed to a payee, FMS compares the payment information with debtor information in FMS' delinquent debtor database. If the payee's name and TIN match the name and TIN of a debtor, the disbursing official offsets the payment, in whole or in part, to satisfy the debt, to the extent legally allowed.

FMS transmits amounts collected through offset to the appropriate

creditor agencies after deducting fees, which FMS charges the creditor agencies in order to cover the cost of operating the offset program. The authority to charge fees is found at 31 U.S.C. 3716(c)(4) and 3720A(d). If not otherwise prohibited by law, creditor agencies may add the fees to the debts as administrative costs, pursuant to 31 U.S.C. 3717(e).

FMS maintains information about a delinquent debt in TOP delinquent debtor database and continues to offset eligible Federal payments until the creditor agency suspends or terminates debt collection or offset activity for the debt. A creditor agency will suspend collection if the debt is subject to a bankruptcy stay or if other reasons justify suspension. *See* 31 CFR 903.2. A creditor agency will terminate collection of a debt if it is paid in full, compromised, discharged, or if other reasons justify termination. *See* 31 CFR 903.3.

FMS has published rules that govern the offset of specific payment types to collect delinquent, nontax debts owed to the United States. These rules address: (1) Offset of tax refund payments to collect delinquent, nontax debts owed to Federal agencies (31 CFR 285.2); (2) offset of Federal benefit payments to collect delinquent, nontax debts owed to Federal agencies (31 CFR 285.4); and (3) offset of Federal salary payments to collect debts owed to Federal agencies (31 CFR 285.7). Nothing in this rule is intended to contradict any provision of these more specific sections. Rather, this rule only describes requirements and procedures which are common to the centralized offset of all Federal payments to collect debts owed to Federal agencies. To the extent any provision of this rule is inconsistent with a more specific provision of sections 285.2, 285.4 or 285.7 of this Part, the more specific provision shall apply.

Section Analysis*(a) Scope*

Paragraph (a) describes the scope of this section, which governs the centralized offset of Federal payments to collect delinquent, nontax debts owed to Federal agencies in accordance with the requirements of 31 U.S.C. 3716(c)(6), 3720A(a), 26 U.S.C. 6402, and all applicable regulations.

This regulation only applies to the extent that it does not conflict with the more specific provisions of the rules for tax refund offsets (*see* 31 CFR 285.2), salary payment offsets (*see* 31 CFR 285.7) and benefit payment offsets (*see* 31 CFR 285.4).

This section does not apply to administrative offsets that occur outside of TOP (known as “non-centralized offsets”). Non-centralized offsets are governed by the Federal Claims Collection Standards (see 31 CFR 901.3(c)) and agency-specific regulations.

This section does not apply to the offset of payments to collect debts owed to States (see 31 CFR 285.8) or to collect delinquent child support payments (see 31 CFR 285.1 and 285.3).

This section does not apply to garnishments or Internal Revenue Service levies of Federal payments. Offsets are not garnishments. An offset occurs when the Federal government withholds money owed to a person to satisfy a claim owed by that same person to the government. Garnishment is a process whereby a creditor attaches wages or other property belonging to a debtor which is in the possession of a third party. A levy is the means by which the Internal Revenue Service or other tax collecting authority seizes the delinquent taxpayer’s property. See 26 U.S.C. 6331. Regulations governing garnishments and levies do not apply to offsets under this section. For example, regulations which exclude travel reimbursements from court-ordered, commercial garnishments on Federal pay (see 5 CFR 582.102) do not preclude offsets under this section. Therefore, payments which reimburse Federal employees for travel or other employment-related expenditures are subject to offset under this section, regardless of whether they may be garnished to collect debts owed to third parties.

This section applies only to payments that a payment certifying agency has certified to a disbursing official for disbursement. It therefore does not apply to payments made directly with a government credit card.

Lastly, the receipt of collections pursuant to this section does not preclude a Federal agency from pursuing all other available debt collection remedies simultaneously, provided that collections do not exceed the amount of the debt, including any interest, penalties, and administrative costs.

(b) Definitions

Paragraph (b) of this section sets forth definitions applicable to this rule. It is important to note that the terms used in this section are defined for purposes of this section only. For example, whether a debt is “legally enforceable” for purposes of centralized offset pursuant to this section has no bearing on whether the debt is legally enforceable

for purposes of placing a lien on the debtor’s property or for some other debt collection purpose.

(c) General Rule

Paragraph (c) of this section sets forth the general rule that creditor agencies must submit their delinquent debts to FMS for offset, and that disbursing officials must offset payments to collect those debts. See 31 U.S.C. 3716(c).

(d) Requirements for Creditor Agencies

Paragraph (d) sets forth the requirements for Federal creditor agencies with regard to centralized offset. As noted above, creditor agencies will meet the requirement to submit debts to Treasury for purposes of tax refund offset by submitting debts to FMS pursuant to this section. See 31 U.S.C. 3720A(a). The requirements of this section take into account the provisions of various statutes and regulations which apply to the offset of Federal payments in general, as well as to specific types of Federal payments.

Paragraph (d)(1) restates the statutory requirement that creditor agencies notify FMS of all past-due, legally enforceable, nontax debt which is delinquent for more than 180 days, for purposes of collection by centralized offset. See 31 U.S.C. 3716(c)(6). Paragraph (d)(1) also provides a creditor agency with 30 days following a decision on an appeal within which to submit a debt that is more than 180 days delinquent. This rule allows for an additional 30 days, because immediate transfer of a debt to FMS following a decision on an appeal might be impractical. The 30-day period provides debtors with an opportunity to pay the debt or to enter into a repayment plan with the creditor agency before offset action is taken. When a creditor agency determines that a debtor is unlikely to pay the debt or enter into a repayment plan within the 30-day period, it should submit the debt to FMS immediately following a decision on an appeal.

Paragraph (d)(2) provides that creditor agencies may notify FMS of debts delinquent for less than 180 days for purposes of offset. FMS encourages agencies to submit debts to TOP as soon as they become eligible, in order to maximize collections.

Paragraph (d)(3) describes the requirements for a debt to be eligible for centralized offset. For a creditor agency to submit a debt to FMS for offset, the debt must be past due and legally enforceable in the amount stated by the creditor agency, be less than 10 years delinquent (unless the debt may be collected by offset legally if more than ten years delinquent, as is the case with

judgment debts and education loans), have a balance greater than \$25, and not be secured by collateral subject to foreclosure. Generally, the debt should not be secured by collateral subject to a pending foreclosure action unless the creditor agency certifies that offset will not affect the government’s rights to the secured collateral. Additionally, the creditor agency must certify that the debt is eligible for collection by offset, as required in paragraph (d)(6) of this section.

Debts owed by foreign sovereigns are excluded from the mandatory requirement under paragraph (d)(1) that creditor agencies notify FMS of all past-due, legally enforceable, nontax debt which is delinquent for more than 180 days, for purposes of collection by centralized offset. This exclusion applies only to debts owed by foreign sovereigns and does not apply to debts owed by privately owned foreign corporations or by foreign individuals. This exclusion does not preclude a creditor agency from voluntarily notifying Treasury of debt owed by foreign sovereigns for the purpose of offset to the extent allowed by law. FMS has excluded debts owed by foreign sovereigns from the requirement described in paragraph (d)(1) pursuant to 31 U.S.C. 3716(c)(5). Section 3716(c)(5) authorizes the Secretary of the Treasury to prescribe such rules, regulations, and procedures as the Secretary considers necessary to carry out centralized offset under section 3716(c). The Secretary deems it necessary to exclude debts owed by foreign sovereigns because mandatory notification of such debts to Treasury for collection by offset could interfere with important foreign policy goals.

Paragraph (d)(3)(iv) describes creditor agencies’ responsibilities to report certain debt information to Treasury on a report known as Treasury Report on Receivables (TROR). When reporting amounts eligible for TOP, agencies must report amounts that have been excluded from TOP and state the reasons for the exclusions consistent with this paragraph. Detailed instructions on completing the TROR can be found at <http://www.fms.treas.gov/debt/dmrpts>.

For purposes of this section, a debt is generally deemed past due or delinquent if it is not paid when due, whether that be the date specified in an initial notice or a date specified in a contract or other applicable agreement. Creditor agencies determine when a debt is delinquent based on applicable statutes, regulations and policies. Nothing in this section is intended to define when a debt is delinquent or legally enforceable for purposes of

anything other than when a debt may be submitted to FMS for purposes of centralized offset. A debt is legally enforceable if there has been a final agency determination that the debt is due in the amount stated, and there are no legal bars to collection by offset. A debt is legally enforceable for purposes of this section as long as the 10-year limitation (or other applicable time limitation on offset) has not been exceeded, regardless of any limitation on when a claim may be brought in a civil action. Creditor agencies should consult with their agency counsel to determine the legal enforceability of debts for purposes of this section.

Paragraph (d)(4) describes the requirements for creditor agencies to publish regulations regarding offset. Creditor agencies must promulgate regulations governing offset in accordance with 31 U.S.C. 3716(b)(administrative offset), 3720A(a)(tax refund offset), and 31 CFR 901.3(b)(4)(Federal Claims Collection Standards) prior to submitting debts for offset. Additionally, creditor agencies must promulgate regulations in accordance with 5 U.S.C. 5514, 31 CFR 285.7(d)(2), and 5 CFR 550.1104 in order to collect debts through the centralized offset of Federal salary payments. Creditor agencies must comply with the prerequisites for the offset of all types of Federal payments in order to participate fully in the centralized offset through TOP. If, for example, a creditor agency has not published regulations concerning the offset of Federal salary payments, then disbursing officials cannot offset salary payments to collect that creditor agency's debts.

Paragraph (d)(5) sets forth the information required for each delinquent debt submitted to FMS for offset. All of the information is necessary for the successful operation of TOP.

Paragraph (d)(6) describes the certification that creditor agencies must provide to FMS for each debt. Creditor agencies must certify to FMS that the requirements of 31 U.S.C. 3716(a), 3720A, 26 U.S.C. 6402, and applicable agency-specific statutes and regulations related to offset have been met. The creditor agency must certify the following for each debt: (1) the debt meets the requirements set forth in paragraph (d)(3) of this section, regarding debt eligibility; (2) the creditor agency has given the debtor due process pursuant to 31 U.S.C. 3716, 3720A and 26 U.S.C. 6402; and (3) the creditor agency has complied with 31 U.S.C. 3717 with respect to the assessment of interest, penalties and

administrative costs. The certification must be executed by the head of the agency or by a person with delegated authority to make such certification on behalf of the head of the agency.

With respect to the certification that the creditor agency has provided due process, neither the DCIA nor this rule changes the existing requirement that agencies provide due process prior to offset. Such due process requirements are set forth in 31 U.S.C. 3716(a), 3720A, and any agency-specific statutes and regulations applicable to the debt. Creditor agencies must inform debtors by written notice that the creditor agencies intend to offset eligible payments and that the debtor has an opportunity to review applicable agency records and to seek a review of the determination of the debt. In accordance with the creditor agency's policies and procedures, the debtor may provide evidence to the creditor agency that collection of the debt by administrative offset would result in a financial hardship. The debtor may also make alternative payment arrangements, which are acceptable to the creditor agency. There is an additional due process requirement when the creditor agency has submitted the debt for offset of the debtor's Federal salary. Prior to offsetting a Federal salary, the creditor agency must notify the debtor that she or he has an opportunity for a hearing pursuant to 5 U.S.C. 5514, 5 CFR 550.1104, and applicable creditor agency regulations. Such notification may be combined with any other due process notices or may be sent separately.

As noted in paragraph (d)(13), nothing in this section requires agencies to duplicate any notice, review or hearing previously provided to the debtor. For example, if the agency has provided the debtor with a hearing concerning the existence of a debt, this section does not require an agency to provide a second hearing concerning the same issue in order to submit the debt for offset. In such circumstance, however, the debtor may be entitled to a review (or hearing, if a Federal employee and the agency seeks to offset his or her Federal salary) concerning any other issues not addressed in the previous hearing. In this example, the debtor may contest the accuracy of the current debt balance (*i.e.*, whether the agency had properly credited payments made subsequent to the hearing).

Paragraph (d)(7) explains that creditor agencies will be asked to update the certifications of debts maintained by FMS in order to ensure that the debts continue to meet the requirements of paragraph (d)(6), including that the

creditor agency has properly applied credits to the debt balance (other than collections through centralized offset). Periodic updates are required to ensure that information about the debts is current and accurate.

Paragraph (d)(8) also explains that the certification required by paragraphs (d)(6) and (d)(7) of this section, and any other information regarding delinquent debts transmitted to FMS, will be made in a form and manner as prescribed by FMS. The form may include, but is not limited to, electronic data transmission. In order to submit certifications electronically, a creditor agency must sign an agreement with FMS agreeing that the creditor agency will certify debts in accordance with instructions from FMS, that any person who the creditor agency allows to certify debts electronically will have the delegated authority to certify the debts on behalf of the head of the agency, and that such person knows that they are certifying to all of the requirements of paragraph (d)(6) of this section and any other terms of the certification as set forth in the agreement. FMS will require any agreement regarding electronic certification to be re-executed periodically, usually on an annual basis. This periodic execution will ensure that creditor agency personnel remain aware of their responsibilities and authorities when certifying debts for centralized offset.

Paragraph (d)(9) explains that agencies which designate disbursing officials pursuant to 31 U.S.C. 3321(c) are not required to certify debts arising out of their own operations for purposes of centralized offset under this section prior to collecting such claims by offset. For example, if the Department of Defense (DOD) is about to disburse a payment to a person who also owes a delinquent debt to it, DOD may offset such payment, in accordance with applicable law, without first certifying the debt to FMS for purposes of centralized offset.

Paragraph (d)(10) describes the creditor agencies' responsibility to correct and update information contained in delinquent debt records. While information about a debt is maintained in TOP's delinquent debtor database, the creditor agency remains responsible for administering the debt. This means that the creditor agency remains responsible for answering inquiries about the debts, negotiating agreements with the debtor, maintaining records applicable to the debt, and applying any amounts received with respect to the debt other than amounts collected through centralized offset. Creditor agencies make all decisions

concerning their debts. Creditor agencies determine whether debts are eligible for offset and whether offset funds should be returned to debtors who claim that the debts were not eligible for offset.

If creditor agencies receive funds from any source other than centralized offset, they must submit the updated balance information to FMS; however, FMS will apply any funds received through centralized offset to the debt balances within TOP and notify creditor agencies of such collections.

Creditor agencies are also responsible for notifying FMS immediately if there is a change in the status of the legal enforceability of any debt. For example, if a creditor agency learns that a debtor has filed for bankruptcy protection and the automatic stay is in effect, that creditor agency must notify FMS, in the manner prescribed by FMS, that the debt is no longer legally enforceable. Likewise, if the bankruptcy is dismissed, the debt has not been discharged, and there are no other legal obstacles to collection, the creditor agency should notify FMS immediately that the debt is once again legally enforceable. As a practical matter, this means that creditor agencies must have procedures in place to track the status of their debts which are in bankruptcy and to update FMS promptly. Creditor agencies should seek legal advice from their agency counsel concerning the impact of the Bankruptcy Code, particularly 11 U.S.C. 106, 362, and 553, on pending, contemplated or completed collections by offset.

If a debt is being collected and serviced by FMS or another debt collection center, pursuant to 31 U.S.C. 3711(g), FMS, or the applicable debt collection center, will manage the creditor agency's responsibilities under paragraph (d)(10) of this section.

Paragraph (d)(11) addresses debts which have been transferred to FMS or a Treasury-designated debt collection center for purposes of collection pursuant to 31 U.S.C. 3711(g) (known as "cross-servicing") or which have been referred to the Department of Justice (DOJ) for enforced collection. A debt collection center will also be responsible for submitting debts it is servicing to TOP on behalf of the creditor agencies. FMS, on behalf of the creditor agencies, will submit debts in its cross-servicing program to TOP in accordance with the requirements of this section. See 31 CFR 285.11 for certification requirements when transferring debts to FMS for debt collection purposes. DOJ will submit debts to FMS for centralized offset on behalf of the creditor agency, as DOJ

deems appropriate, for all debts which have been referred to DOJ for collection enforcement.

Paragraph (d)(12) explains that if a creditor agency has determined that the offset amount allowed by law would result in financial hardship to the debtor, and that a lesser offset amount is reasonable and appropriate based upon the debtor's financial circumstances, then the creditor agency may specify that the disbursing official offset a lesser amount.

(e) *Payments Made By the United States*

Paragraph (e) discusses the rules applicable to Federal payments covered by this section. This section generally applies to all Federal payments (regardless of the payment mechanism used, e.g., check or electronic funds transfer), unless offset against such type of payment is expressly prohibited under the DCIA or other Federal statute. See 31 U.S.C. 3716(e)(2).

Paragraph (e)(1) notes that judgments paid pursuant to 31 U.S.C. 1304 (Judgments, awards and compromise settlements) are eligible for centralized offset pursuant to 31 U.S.C. 3716(c). Nothing in this rule affects the setoff of amounts to be paid pursuant to such a judgment in accordance with 31 U.S.C. 3728 (Setoff against judgments), which authorizes the Secretary of the Treasury to withhold amounts to be paid on a judgment to offset a debt. Setoff under section 3728 occurs before the Secretary certifies the payment for disbursement. This rule, however, only addresses centralized offset of such payments after the Secretary has certified them for disbursement. See volume I, part 6, chapter 3100 of the Treasury Financial Manual for information on the setoff and certification of judgment fund payments.

Paragraph (e)(2) provides a list of payment types that are excluded from offset. In addition to payments exempt by law, this rule exempts from offset all Federal loan payments other than payments for travel advances pursuant to 31 U.S.C. 3716(c)(5). Section 3716(c)(5) authorizes the Secretary of the Treasury to prescribe such rules, regulations, and procedures as the Secretary considers necessary to carry out centralized offset under section 3716(c). The Secretary deems it necessary to exempt Federal loan payments other than travel advances from centralized offset. If a loan payment is offset, the debtor/payee pays off one agency by creating a debt owed to another agency. The government's interests in debt collection through offset are not advanced by paying off a debt owed to one agency by creating a

debt owed to another. Therefore, pursuant to 31 U.S.C. 3716(c)(5), the Secretary exempts Federal loan payments other than travel advances from centralized offset.

Although travel advance payments to Federal employees are considered loans, except in limited circumstances (see 54 Comp. Gen. 190, 191 (B-180672, September 5, 1974) and 1994 WL 158116 (B-251865, April 28, 1994)), the Secretary does not deem it necessary to exempt travel advances from centralized offset under this section for three reasons. First and foremost, Federal employees are ethically obligated to "satisfy in good faith their obligations as citizens, including all just financial obligations, especially those such as Federal, State, or local taxes that are imposed by law." See 5 CFR 2635.101(b)(12). If the Federal employee is unable to pay a debt, the employee should contact the creditor agency to make satisfactory repayment arrangements in order to avoid offsets of travel advances under this section. Absent such action by the Federal employee, any travel advances made to that employee should be offset to pay an employee's delinquent debts. The employee remains responsible for traveling, if required for the performance of his or her duties. Second, unlike traditional Federal loan programs, travel advances are short-term debts, which are repaid as soon as the employee travels. Third, delinquent debtors are barred from receiving Federal loans (see 31 U.S.C. 3720B), yet agencies generally do not access employees' credit reports or other sources of information to verify whether an employee owes a delinquent Federal debt prior to issuing a travel advance. Failing a bar by the agency issuing the travel advance, it is appropriate for the Government to offset the travel advance payment to satisfy the employee's delinquent debts.

Paragraph (e)(3) explains that specific rules apply to the centralized offset of tax refunds, certain benefit payments and Federal salary payments. See 31 CFR 285.2, 285.4, and 285.7, respectively. This section applies only to the extent that it is not inconsistent with the provisions of the rules that apply to each payment type.

Paragraph (e)(4) states that a payment made jointly to two or more persons (i.e., "joint payees"), may be offset in its entirety to satisfy the debt of any one of the joint payees. FMS assumes that joint payments are made to persons who each own an undivided interest in the whole payment. A joint payee who believes that he or she is entitled to a portion of the monies that have been offset must

contact the payment agency which issued the payment. The payment agency must determine, based upon applicable laws and policies, if a refund of any portion of the offset amount is appropriate. If a couple files a joint Federal income tax return, and a resulting refund is offset to collect a debt which is owed by only one of the spouses, the spouse that does not owe the debt (*i.e.*, the “injured spouse”) must contact the Internal Revenue Service to claim the portion of the tax refund to which he or she is entitled. The IRS Web site, found at www.irs.gov, contains instructions for the injured spouse to make a claim for his or her portion of the tax refund. At the time of writing, such claims are processed on IRS Form 8379.

Paragraph (e)(5) states that payments made to representative payees (*i.e.*, the named payee is receiving the payment solely in the person’s capacity as a representative for the beneficiary of the payment) will only be offset to collect delinquent debt owed by the payment beneficiary. For example, if a payment is made to an attorney solely for the benefit of his or her client, FMS will offset such payment only to collect a debt owed by the client. FMS will not offset the payment to collect a debt owed by the named payee attorney. Payment agencies are responsible for properly identifying representative payees.

Paragraph (e)(6) addresses the offset of payments which have been assigned to a third party (known as “assigned payments”). In certain circumstances, FMS may offset an assigned payment to collect debts owed by either the assignor or the assignee. *See* 31 U.S.C. 3716(e)(2) (offset permissible if not prohibited). For example, if a Federal contractor has assigned the right to receive payment under a Federal contract to a financial institution, FMS may offset the payment to collect a debt owed by either the contractor or the financial institution. FMS will offset assigned payments made to Federal contractors within the limits of 41 U.S.C. 15, 31 U.S.C. 3727 and implementing regulations (including, as applicable, the Federal Acquisition Regulation (48 CFR Chapter 1)). This rule does not address the validity of any assignment of payments. At the time of the publication of this regulation, FMS has not yet fully implemented offset of assigned payments. FMS will provide guidance to payment agencies prior to implementation.

Paragraph (e)(7) describes how payment agencies may request that the Secretary exempt payment types from centralized offset and how the Secretary

will evaluate and respond to such requests. The DCIA requires the Secretary to exempt from centralized offset payments made under means-tested programs when the head of the payment agency requests such exemption in writing. The DCIA also authorizes the Secretary to exempt payments made under non-means-tested programs at the written request of the head of the payment agency. *See* 31 U.S.C. 3716(c)(3)(B). FMS has published and made available on its Web site (www.fms.treas.gov/debt) standards and procedures for the exemption of classes of payments from centralized offset. Paragraph (e)(7)(i) explains when an exemption request for means-tested payments will be granted. Paragraph (e)(7)(ii) explains that the Secretary may exempt non-means-tested payments in accordance with the published standards. Paragraph (e)(7)(iii) explains that the requests for exemptions must be made in writing following guidance issued by FMS pursuant to 31 U.S.C. 3716(c)(3)(B). Exemptions apply to classes of payments and not to individual payments. A list of payments exempt from offset may be found on the FMS Web site at www.fms.treas.gov/debt.

Consistent with the foregoing paragraph, contracting officials at Federal agencies do not have the authority to exempt contract payments from centralized offset. Payments are exempt from centralized offset only if expressly made exempt by statute or if the Secretary grants an exemption. Therefore, contract clauses prohibiting a Federal agency from offsetting a payment generally do not apply to centralized offset pursuant to this section, regardless of whether such clauses may be effective as to offsets made by the contracting agency pursuant to other authorities.

Paragraph (e)(8) explains that payment agencies must prepare and submit payment vouchers in the manner prescribed by FMS or other disbursing official, in order to maximize the number of legally-eligible offsets. Also, payment agencies are responsible for notifying the Secretary of any legal bars to offset of payments which the agency certifies for payment.

Paragraph (e)(9) explains that when a payment is offset, both the disbursing official and the payment agency have met their obligations with respect to making the payment. Neither the payment agency nor the disbursing official is liable for any portion of the payment which was offset. *See* 31 U.S.C. 3716(c)(2). For example, if an agency certifies a payment to a Federal contractor for work completed, and that

payment is offset to collect a delinquent debt that the contractor owes to another Federal agency, the contractor has been paid in full for its services. When the creditor agency credits the offset amount to the contractor’s delinquent debt, the contractor has received full value for the services performed under the contract. Payment agencies should be careful not to issue an overpayment to a contractor who claims non-receipt of payment after the initial payment is offset to pay the contractor’s debt. Contractors should contact the creditor agency to which the debt is owed for questions about the debt or to make repayment arrangements.

(f) Offset

Paragraph (f) describes the offset process, including amounts to be offset and the priority of how offsets are applied when it is determined that a payee owes more than one delinquent debt. Generally, a payment will be offset by the lesser of the amount of the payment, or the amount of the delinquent debt, including associated interest, penalties, and administrative costs. The offset amount is limited for certain Federal payments. *See for example*, 31 CFR 285.4 and 285.7 for limitations on offsets of certain Federal benefit payments and Federal salaries. Creditor agencies may specify that a lesser amount be offset based on a written agreement between the creditor agency and the debtor, or based upon the creditor agency’s determination that the amount allowed by law would create a financial hardship.

Paragraph (f)(2) establishes that a recurring Federal retirement annuity payment made by the Office of Personnel Management (OPM) will be offset up to a maximum of 25 percent to collect a delinquent debt under this section. For example, if an OPM annuity payment is \$850.00, the amount offset would be no more than \$212.50. Although the DCIA did not expressly provide for any such limitation on OPM recurring retirement annuity payments, limitations apply to other types of payments considered income. For example, the Consumer Credit Protection Act limits the amount of pay subject to garnishment by a private creditor to 25% under most circumstances. Limitations on other types of Federal payments, such as Federal salary and social security payments apply. Therefore, as authorized by 31 U.S.C. 3716(c)(5), the Secretary has determined that a limitation on the offsets of OPM retirement payments is necessary to carry out the centralized offset program. After balancing the Government’s

interest in collecting large dollar debts within a reasonable time frame with the interest of the debtor/payee in receiving some retirement income, FMS has determined that a 25% limitation should be applied.

Paragraph (f)(3) describes the order in which deductions will be applied when more than one delinquent debt is submitted to FMS for the same payee. If the Internal Revenue Service has served a tax levy through TOP, amounts deducted will first be applied to such tax levy. Deductions for tax levies are not governed by this section, but have a higher legal priority. *See* 31 U.S.C. 3716(c)(8). Remaining amounts will be applied in the following order; first, to debts for past-due support assigned to a State pursuant to sections 402(a)(26) and 471(a)(17) of the Social Security Act; second, to debts owed to Federal agencies; third, to any qualifying past due support debts not assigned to a State; and fourth, to debts owed to States for obligations other than past-due support.

Paragraph (f)(3) also explains what happens when a recurring payment is being offset to collect a debt, and a debt with a higher legal priority is submitted to TOP. The debtor may not, in all such cases, receive an additional warning notice when the offsets are applied to the higher priority debt. *See* paragraph (g)(2) of this section. For example, FMS collects delinquent tax debts through TOP when the Internal Revenue Service serves a levy. Levies to collect delinquent tax debts have a higher legal priority than offsets to collect nontax debts. *See* 31 U.S.C. 3716(c)(8). If a recurring payment is being offset under this section to collect a nontax debt when the Internal Revenue Service serves a levy to collect a tax debt, offsets may be interrupted until the tax levy is satisfied or released. In this case, immediately upon satisfaction of the tax debt, FMS may resume offsetting the payment to collect the Federal nontax debt without further warning notice to the debtor. As with all offsets, the disbursing official (or FMS, on behalf of the disbursing official) will send an offset notice (*see* paragraph (g)(3)) at the time of the offset.

(g) Notices

Paragraph (g) describes the two types of notices that disbursing officials will provide to the debtor/payee—warning notices and offset notices. Where the payment offset is a recurring payment, the disbursing official (or FMS, on behalf of the disbursing official) will send a warning notice prior to the first offset. The warning notice will state when the offsets will begin and the

anticipated amount of the offset. When the offset will begin may be stated as a certain number of days or number of payments from the date of the warning notice. If appropriate, the anticipated amount of the offset may be stated as a percentage of the payment. Recipients of recurring payments also will receive offset notices at the time the disbursing official offsets the payments. Where the payment offset represents a one-time payment or non-recurring payment, the disbursing official will not send a warning notice. The disbursing official (or FMS on behalf of the disbursing official) will send an offset notice at the time the offset occurs. Offset notices identify the payment, the amount offset, the creditor agency that requested the offset, and the name of a contact within the creditor agency. Pursuant to 31 U.S.C. 3716(c)(7)(B), the failure of the debtor to receive an offset notice shall not impair the legality of the offset.

(h) Notification to Creditor and Payment Agencies

Paragraph (h) explains the information that creditor and payment agencies will receive when an offset occurs.

(i) Disposition of Amounts Collected

Paragraph 285.5(i) describes the process for disposition of amounts collected by means of offset. After offsetting a payment, FMS will normally deduct any fees charged in accordance with paragraph 285.5(j) before transmitting the remaining amount to the appropriate creditor agency. Alternatively, FMS may bill the creditor agency.

If FMS learns that an offset has been taken erroneously, FMS will notify the creditor agency of the erroneous offset, and will collect the amount paid under the erroneous offset by deducting the amount from future amounts payable to the creditor agency. An erroneous offset occurs when the payee was not entitled to the payment or there was another error in the payment or offset process. Erroneous offsets do not include offsets which occurred because the creditor agency should not have certified the debt. If a debt should not have been certified for offset, the creditor agency will resolve the matter directly with the debtor. Generally, a disbursing official is not responsible for refunding money to debtors if a debt should not have been collected by offset.

(j) Fees

Paragraph (j) describes the fee that FMS will charge for its services under this section. The fee may include administrative fees charged by salary

paying agencies that match their salary payments with debts in the TOP database and conduct the offset of, or calculate the correct amount to be offset from, Federal salary payments on behalf of disbursing officials. Under 31 U.S.C. 3716(c)(4), FMS' fee may cover the full cost of implementing centralized offset, including certain costs incurred by non-Treasury disbursing officials performing offsets. In accordance with 31 U.S.C. 3711(g)(7), FMS may reimburse non-Treasury disbursing officials for certain expenses associated with governmentwide debt collection unless otherwise prohibited by law.

(k) Waiver of Certain Provisions Under the Computer Matching Privacy and Protection Act of 1988

The DCIA includes provisions intended to simplify the matching process involving delinquent debtor records certified by creditor agencies and payment records certified by payment agencies for purposes of offsetting payments other than tax refunds. In particular, where a creditor agency certifies that the due process requirements of 31 U.S.C. 3716(a) have been met, the DCIA authorizes the Secretary to waive provisions of the Computer Matching and Privacy Protection Act of 1988 (CMPPA), Pub. L. No. 100-503, as amended, that require matching agreements, as well as post match notice and verification of the results of individual matches. *See* 5 U.S.C. 552a(o) and (p). Once a waiver has been granted by the Secretary, the DCIA also simplifies the CMPPA review and reporting requirements codified at 5 U.S.C. 552a(u) by placing all such responsibility with the data integrity board of the Department of the Treasury. Paragraph (k) of this section provides notice that this waiver authority has been delegated to FMS, and clarifies that FMS has granted a general waiver for all agencies that certify to FMS that the requirements of paragraph (d)(6) of this section have been met. A waiver is not required for matching debts for purposes of tax refund offset. *See* 5 U.S.C. 552a(a)(8)(B).

Special Analysis

FMS is promulgating this interim rule without opportunity for prior public comment pursuant to the Administrative Procedure Act, 5 U.S.C. 553 (the "APA"), because FMS has determined that a comment period would be unnecessary, impracticable, and contrary to the public interest. Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

The public is invited to submit comments on the interim rule which will be taken into account before a final rule is issued.

FMS has determined that good cause exists to make this interim rule effective upon publication without providing the 30-day period between publication and the effective date contemplated by 5 U.S.C. 553(d). The purpose of a delayed effective date is to afford persons affected by a rule a reasonable time to prepare for compliance. However, in this case, as required by the DCIA, agencies already participate in TOP. Inasmuch as this interim rule provides important guidance that is expected to facilitate implementation of the authority contained in the law, FMS believes that good cause exists to make the rule effective upon publication.

Regulatory Analysis

This interim rule is not a significant regulatory action as defined in Executive Order 12866. It is hereby certified that this rule will not have a significant impact on a substantial number of small entities. Therefore a regulatory flexibility analysis is not required. This regulation will not impose significant costs on small businesses, because this regulation only impacts small businesses who receive payments from Federal agencies and who are delinquent on debts owed to the Federal government.

List of Subjects in 31 CFR Part 285

Administrative practice and procedure, Black lung benefits, Child Support, Claims, Credit, Debts, Disability benefits, Federal employees, Garnishment of wages, Hearing and appeal procedures, Loan programs, Privacy, Railroad retirement, Railroad unemployment insurance, Salaries, Social Security benefits, Supplemental Security Income (SSI), Taxes, Veteran's benefits, Wages.

Authority and Issuance

For the reasons set forth in the preamble, 31 CFR part 285 is amended as follows:

PART 285—DEBT COLLECTION AUTHORITIES UNDER THE DEBT COLLECTION IMPROVEMENT ACT OF 1996

1. The authority citation for part 285 continues to read as follows:

Authority: 5 U.S.C. 5514; 26 U.S.C. 6402; 31 U.S.C. 321, 3701, 3711, 3716, 3719, 3720A, 3720D; E.O. 13019; 3 CFR, 1996 Comp., p. 216.

2. Section 285.5 is added to Part 285, Subpart A, to read as follows:

§ 285.5 Offset of Federal payments to collect nontax debt owed to the United States.

(a) Scope. (1) This section governs the centralized offset of Federal payments to collect delinquent, nontax debts owed to Federal agencies in accordance with 31 U.S.C. 3716, 3720A and 26 U.S.C. 6402 and applicable regulations. The Department of the Treasury's Financial Management Service (FMS) administers centralized offset through the Treasury Offset Program. Offset occurs when the Federal government withholds part or all of a debtor's Federal payment to satisfy the debtor's delinquent debt owed to the government.

(2) Special rules apply to the collection of delinquent, nontax debts through the centralized offset of certain types of Federal payments, including tax refunds (31 CFR 285.2), Federal benefit payments (31 CFR 285.4), and Federal salary payments (31 CFR 285.7). While this rule applies to such payments, nothing in this rule is intended to contradict any provision of those more specific sections. To the extent any provision of this rule is inconsistent with a more specific provision of §§ 285.2, 285.4 or 285.7 of this part, the more specific provision shall apply.

(3) The receipt of collections pursuant to this section does not preclude a Federal agency from pursuing other debt collection remedies in conjunction with centralized offset. Nothing in this section precludes an agency from pursuing all available debt collection remedies simultaneously, provided that collections do not exceed the amount of the debt, including any interest, penalties, and administrative costs.

(b) *Definitions.* As used in this section:

Agency or Federal agency means a department, agency or subagency, court, court administrative office, or instrumentality in the executive, judicial, or legislative branch of the Federal Government, including government corporations.

Centralized offset means the offset of Federal payments through the Treasury Offset Program to collect debts which creditor agencies have certified pursuant to 31 U.S.C. 3716(c), 3720A(a) and applicable regulations. The term "centralized offset" includes the Treasury Offset Program's processing of offsets of Federal payments disbursed by disbursing officials other than FMS.

Creditor agency has the same meaning as found at 31 U.S.C. 3701(e)(1) and means any Federal agency that is owed a claim or debt that seeks to collect that claim or debt through offset of Federal payments.

Debt or claim has the meaning contained in 31 U.S.C. 3701(b) and means any amount of money, funds, or property that has been determined by an appropriate official of the Federal government to be owed to the United States by a person, organization, or entity, except another Federal agency. The terms "debt" and "claim" are synonymous and include debt administered by a third party acting as an agent for the Federal Government. For purposes of this section, the term "debt" does not include debts arising under the Internal Revenue Code of 1986 (26 U.S.C. 1 *et seq.*), the tariff laws of the United States, or the Social Security Act (42 U.S.C. 301 *et seq.*), except to the extent provided in sections 204(f) and 1631(b)(4) of such Act (42 U.S.C. 404(f) and 1383(b)(4)(A), respectively) and 31 U.S.C. 3716(c).

Debt collection center means a Federal agency or a unit or subagency within a Federal agency that has been designated by the Secretary to collect debt owed to the United States.

Debtor means a person who owes a debt to the United States.

Delinquent or past-due refers to the status of a debt and means a debt has not been paid by the date specified in the agency's initial written demand for payment, or applicable agreement or instrument (including a post-delinquency payment agreement), unless other payment arrangements satisfactory to the creditor agency have been made. Nothing in this section is intended to define whether a debt is delinquent or past-due for purposes other than offset under this section.

Delinquent debt record means information about a past-due, legally enforceable debt submitted by a creditor agency to FMS for purposes of offset in accordance with the provisions of this section. Information about a past-due, legally enforceable debt includes, but is not limited to, the amount of the debt and the debtor's name, address, and taxpayer identifying number.

Disbursing official means an official who has authority to disburse public money pursuant to 31 U.S.C. 3321 or another law, including an official of the Department of the Treasury, the Department of Defense, the United States Postal Service, or any other government corporation, or any official of the United States designated by the Secretary of the Treasury to disburse public money.

FMS means the Financial Management Service, a bureau of the Department of the Treasury and its disbursing office. FMS is responsible for administering centralized offset.

Legally enforceable refers to a characteristic of a debt and means there has been a final agency determination that the debt, in the amount stated, is due, and there are no legal bars to collection by offset. Debts that are not legally enforceable for purposes of this section include, but are not limited to, debts subject to the automatic stay in bankruptcy proceedings or debts covered by a statute that prohibits collection of such debt by offset. For example, if a delinquent debt is the subject of a pending administrative review process required by statute or regulation, and if collection action during the review process is prohibited, the debt is not considered legally enforceable for purposes of this section. Nothing in this section is intended to define whether a debt is legally enforceable for purposes other than offset under this section.

Match means the taxpayer identifying number and name (or derivative thereof) of the payee on a payment record are the same as the taxpayer identifying number and name of the debtor on a delinquent debt record.

Offset means withholding funds payable by the United States to, or held by the United States for, a person to satisfy a debt owed by the payee.

Past-due has the same meaning as "delinquent", as defined above.

Payee means a person who is due a payment from a disbursing official as certified by the payment agency. For purposes of this section, a "payee" is a person who is entitled to the benefit of all or part of a payment from a disbursing official.

Payment agency means any agency that transmits payment requests, in the form of certified payment vouchers or other similar forms, to a disbursing official for disbursement.

Payment record means information contained on a payment request, in the form of a certified payment voucher or other similar form, that has been transmitted to a disbursing official for disbursement in accordance with the provisions of 31 U.S.C. 3325 and 3528 or other applicable law. For purposes of matching, "payment record" may include information extracted from a payment request. Such information could include, but is not limited to, the amount and type of payment and the payee's name, address, and taxpayer identifying number.

Person means an individual, corporation, partnership, association, organization, State or local government, or any other type of entity other than a Federal agency.

Recurring payment means a payment to an individual that is expected to be

payable to a payee at regular intervals, at least four times annually. The term "recurring payment" does not include payments made pursuant to a Federal contract, grant or cooperative agreement.

Representative payee means a person named as payee on the payment voucher certified by the payment agency who is acting on behalf of a person entitled to receive the benefit of all or part of the payment.

Secretary means the Secretary of the Treasury.

Taxpayer identifying number means the identifying number described under section 6109 of the Internal Revenue Code of 1986 (26 U.S.C. 6109). For an individual, the taxpayer identifying number is generally the individual's social security number.

(c) *General rule.* (1) Creditor agencies shall submit delinquent debts to FMS for purposes of offset in accordance with paragraph (d) of this section.

(2) Disbursing officials shall compare payment records with delinquent debt records submitted to FMS for collection by offset. When a match occurs, and all other requirements for offset have been met, the disbursing official shall offset the payment to satisfy, in whole or part, the payee's debt to the extent allowed by law. The disbursing official shall pay any amounts not offset to the payee. See paragraphs (e), (f), (g), and (h) of this section.

(d) *Requirements for creditor agencies*—(1) *Mandatory notification of delinquent debts.* As required by 31 U.S.C. 3716(c)(6), and in accordance with the provisions of this section, a creditor agency shall notify FMS of all legally enforceable debts over 180 days delinquent that are owed to the creditor agency. By complying with this requirement, creditor agencies will satisfy the requirement of 31 U.S.C. 3720A(a) to notify the Secretary of past due, legally enforceable debt for purposes of tax refund offset. If a debt which is over 180 days delinquent is considered not legally enforceable solely because it is under review as described in paragraph (d)(6)(ii)(C) of this section, the agency must submit the debt to FMS for collection by offset within 30 days of completing the review.

(2) *Discretionary notification of delinquent debts.* Creditor agencies may notify FMS of any debt that is less than 180 days delinquent, so long as the requirements of paragraph (d)(3) of this section are met.

(3) *Debt eligibility.* (i) A debt submitted to FMS for collection by centralized offset must be:

(A) Past-due in the amount stated by the creditor agency;

(B) Legally enforceable;

(C) Less than 10 years delinquent, unless the debt legally may be offset if more than 10 years delinquent;

(D) More than \$25, or such other amount as FMS may prescribe; and

(E) Not secured by collateral subject to a pending foreclosure action, unless the creditor agency certifies that offset will not affect the Government's rights to the secured collateral.

(ii) The creditor agency must certify that the debt is eligible for collection by offset, as required in paragraph (d)(6) of this section.

(iii) Debts owed by foreign sovereigns may be referred to Treasury Offset Program at the discretion of the creditor agency to the extent allowed by law, but are excluded from mandatory referral under paragraph (d)(1) of this section.

(iv) In accordance with 31 U.S.C. 3719 and the procedures promulgated thereunder, creditor agencies must report to Treasury the amount of debt over 180 days delinquent eligible for the Treasury Offset Program. The procedures require that such report include the amount of debt over 180 days delinquent that the creditor agency has determined is not eligible for the Treasury Offset Program and the reasons for such determination.

(4) *Creditor agency regulations.* Prior to submitting a debt to FMS for purposes of offset, Federal agencies shall prescribe regulations in accordance with the requirements of 31 U.S.C. 3716(b), 31 CFR 901.3(b)(4), 31 U.S.C. 3720A(a), and 31 CFR 285.2(c). Before submitting debts to FMS for purposes of offsetting Federal salary payments, creditor agencies must also publish regulations pursuant to 5 U.S.C. 5514, 31 CFR 285.7(d)(2), and 5 CFR 550.1104.

(5) *Delinquent debt information requirements.* For each debt submitted to FMS for offset, the creditor agency shall provide the following information:

(i) Name and taxpayer identifying number of the person who owes the debt;

(ii) Debtor's address last known to the creditor agency;

(iii) The amount of the debt (including, as applicable, interest, penalties and administrative costs) and the date on which the debt became delinquent;

(iv) The contact within the creditor agency who will handle questions, concerns or communications regarding the debt;

(v) Written certification as required in paragraph (d)(6) of this section; and

(vi) Other information as may be requested by FMS.

(6) *Creditor agency certification.* At the time the creditor agency notifies FMS of a debt for purposes of collection by offset, the creditor agency shall provide, in the manner required by FMS, written certification to FMS that:

(i) The debt meets the requirements described in paragraph (d)(3)(i) of this section;

(ii) In compliance with 31 U.S.C. 3716, 3720A, 26 U.S.C. 6402, and applicable regulations, the creditor agency has made a reasonable attempt to provide each debtor with:

(A) Written notification, at least sixty days prior to submitting the debt and at the debtor's most current address known to the agency, of the nature and the amount of the debt, the intention of the creditor agency to collect the debt through offset, and an explanation of the rights of the debtor;

(B) An opportunity to inspect and copy the records of the creditor agency with respect to the debt;

(C) An opportunity for a review within the creditor agency of the determination of indebtedness, including the opportunity to present evidence that all or part of the debt is not past-due or legally enforceable;

(D) An opportunity to enter into a written repayment agreement with the creditor agency; and

(E) In the case of Federal employees, an opportunity for a hearing prior to submitting the debt for Federal salary offset. *See* 5 U.S.C. 5514 and 5 CFR 550.1104. (*See* 31 CFR 285.7(d), which describes the authority to waive the salary offset certification as a prerequisite to referring the debt for other types of offsets.)

(iii) The creditor agency has complied with all statutes, regulations, and policies applicable to the creditor agency's assessment of interest, penalties and administrative costs (including, as applicable, 31 U.S.C. 3717), and that the creditor agency has provided a written notice to debtors explaining the creditor agency's requirements concerning any such charges assessed against those debtors;

(iv) The individual signing the certification has the delegated authority to execute the certification on behalf of the head of the creditor agency; and

(v) such additional information that FMS may from time to time require in compliance with law, regulation or policy.

(7) *Updating Certification.* After a debt has been submitted to FMS for purposes of collection by offset, the creditor agency shall provide, at least annually, in the manner and time

frames required by FMS, written certification to FMS that:

(i) The debt continues to meet the requirements described in paragraph (d)(3) of this section; and

(ii) The creditor agency has properly credited all collections to the debt balance (other than collections received through centralized offset).

(8) *FMS instructions to creditor agencies.* Agencies will provide the certification in a form and manner prescribed by FMS. FMS will instruct agencies as to the form such written certifications will take and how certifications can be delivered to FMS, including, but not limited to, the use of electronic data transmission.

(9) *Agencies which are both creditor and disbursing officials.* A creditor agency that also designates disbursing officials pursuant to 31 U.S.C. 3321(c) is not required to certify debts arising out of its operations to FMS before such agency's disbursing officials offset to collect such claims. This paragraph (d)(9) does not apply to FMS when it submits debts which it is servicing pursuant to 31 U.S.C. 3711(g).

(10) *Correcting and updating debt information.* (i) When submitting debts for offset, the creditor agency must properly credit all collections, other than collections received from centralized offset.

(ii) The creditor agency shall update delinquent debt records, in the manner and time frames required by FMS, to reflect any amounts credited by the creditor agency to the debtor's account after submission of the debt to FMS (other than credits for amounts collected by centralized offset).

(iii) The creditor agency may update delinquent debt records to reflect any increases in the amount of the debt submitted to FMS for collection by offset provided that the creditor agency has complied with the requirements of paragraph (d)(6) of this section with regard to the increased amounts.

(iv) The creditor agency shall notify FMS immediately of any change in the status of the legal enforceability of the debt—for example, if the creditor agency receives notice that the debtor has filed for bankruptcy protection.

(v) The creditor agency shall notify FMS if it has returned any moneys to the debtor/payee because of an offset that should not have occurred, as described in paragraph (i)(2) of this section.

(11) *Debts at FMS, a debt collection center, or the Department of Justice.* If a creditor agency has transferred a debt to FMS or a Treasury-designated debt collection center pursuant to 31 U.S.C. 3711(g) and 31 CFR 285.12, or if a

creditor agency has referred a debt to the Department of Justice for enforced collection, then FMS, the debt collection center, or the Department of Justice, as the case may be, is responsible for submitting the debt information to FMS to satisfy the creditor agency's obligations under 31 U.S.C. 3716(c)(6) and this section.

(12) *Certification of amount to be offset if different than maximum allowed by law.* Generally, the amount of an offset will be calculated as set forth in paragraph (f)(2) of this section. If the creditor agency certifies to FMS that the creditor agency has determined the offset amount allowed by law would result in financial hardship to the debtor and that a lesser offset amount (specified either in dollar amount or as a percentage of the payment) is reasonable and appropriate based on the debtor's financial circumstances, then the disbursing official shall offset such lesser amount specified by the creditor agency.

(13) *Duplication of notices not required.* Nothing in this section requires any creditor agency to duplicate any notice or opportunity for hearing or review provided to the debtor prior to offset.

(e) *Payments made by the United States—(1) Payments eligible for offset.* Except as set forth in paragraph (e)(2) of this section, all Federal payments are eligible for offset under this section. Eligible Federal payments include, but are not limited to, Federal wage, salary, and retirement payments, vendor and expense reimbursement payments, certain benefit payments, travel advances and reimbursements, grants, fees, refunds, judgments (including those certified for payment pursuant to 31 U.S.C. 1304), tax refunds, and other payments made by Federal agencies.

(2) *Payments excluded from offset under this section.* This section does not apply to the following payments:

(i) Black Lung Part C benefit payments, or Railroad Retirement tier 2 payments;

(ii) Payments made under the tariff laws of the United States;

(iii) Veterans Affairs benefit payments to the extent such payments are exempt from offset pursuant to 38 U.S.C. 5301;

(iv) Payments made under any program administered by the Secretary of Education under title IV of the Higher Education Act of 1965 for which payments are certified by the Department of Education;

(v) Payments made under any other Federal law if offset is expressly prohibited by Federal statute;

(vi) Payments made under any program for which the Secretary has

granted an exemption in accordance with the provisions of 31 U.S.C. 3716(c)(3)(B) and paragraph (e)(7) of this section; and

(vii) Federal loan payments other than travel advances.

(3) *Specific rules for certain payment types.* (i) Specific rules apply with respect to the offset of the following types of payments:

(A) Social Security benefit payments (excluding Supplemental Security Income payments), Black Lung (part B) payments, and Railroad Retirement (other than tier 2) payments to the extent such payments are subject to offset under 31 U.S.C. 3716(c)(3)(A) (*see* 31 CFR 285.4);

(B) Federal salary payments (*see* 31 CFR 285.7; 5 CFR 550.1101 through 550.1108); and

(C) Tax refund payments (*see* 31 CFR 285.2).

(ii) This section governs the offset of such payments to the extent that this section is not inconsistent with the special rules that apply for a particular type of payment.

(4) *Payments made to joint payees.* If a payment is certified to more than one payee (*i.e.*, joint payees), the entire payment (including a tax refund payment) will be subject to offset for a debt of either payee, unless otherwise prohibited by law or regulation. *See* 31 CFR 285.2(g) regarding offset of joint tax refunds and claims to return offset funds to the non-debtor, joint payee.

(5) *Payments made to representative payees.* If a payment is made to a person solely in that person's capacity as a representative payee for another person having the beneficial interest in a payment, the disbursing official shall offset that payment only to collect debts owed by the person having the beneficial interest in the payment. Payment agencies are responsible for identifying representative payees.

(6) *Assigned payments.* (i) If a person, including a Federal contractor, assigns the right to receive a Federal payment to a third party (the "assignee"), the assigned payment will be subject to offset to collect a delinquent debt owed by the assignee.

(ii) An assigned payment will also be subject to offset to collect delinquent debts owed by the assignor unless:

(A) In accordance with 41 U.S.C. 15(e)–(f), the payment has been properly assigned to a financial institution pursuant to a Federal contract, the contract contains provisions prohibiting the payment from being reduced or offset for debts owed by the contractor, and the debt arose independently of the contract; or

(B) pursuant to 31 U.S.C. 3727, the payment is being made to the assignee as settlement or satisfaction of a claim brought by the assignee against the creditor agency based upon the contract, and the debt of the contractor arises independently of the contract; or

(C) the debtor has properly assigned the right to such payments and the debt arose after the effective date of the assignment.

(7) *Payment agency requests for exemptions from centralized offset pursuant to 31 U.S.C. 3716(c)(3)(B)—(i) Means-tested payments.* The Secretary will exempt from centralized offset payments made under means-tested programs when requested by the head of the agency making such payments. For purposes of this section "means-tested programs" are those which base eligibility on a determination that the income and/or assets of the beneficiary are inadequate to provide the beneficiary with an adequate standard of living without program assistance.

(ii) *Payments made under programs which are not means-tested.* Upon written request from the payment agency, the Secretary may exempt classes of payments which are not means-tested. Payment agencies may request that the Secretary exempt 100% of each payment in a payment class or that the Secretary exempt a specific lesser percentage. The Secretary will consider such requests under standards prescribed by the Secretary and published on the FMS Web site. *See* www.fms.treas.gov/debt.

(iii) *Procedures for requesting exemptions.* The head of the payment agency must make a request for exemption in writing. The request must comply with the procedures published by FMS and made available at its Web site. *See* www.fms.treas.gov/debt.

(iv) *Exemptions apply to classes of payments.* The Secretary will only exempt classes of payments. Requests for exemption of individual payments will not be considered.

(8) *Payment agency responsibilities.*

(i) Payment agencies shall prepare and submit payment vouchers in the manner prescribed by the disbursing official to ensure that all payments legally eligible for offset will be offset and all payments not eligible will not be offset. Payment agencies shall notify the disbursing agency, in the manner prescribed by FMS, that a payment is a recurring payment.

(ii) Payment agencies shall also review the nature of payments the agency certifies and notify FMS of any legal bars to centralized offset of payments.

(9) *Payment and disbursing officials have satisfied the obligation underlying the payment.* When an offset occurs, the debtor has received payment in full for the underlying obligation represented by the payment. Pursuant to 31 U.S.C. 3716(c)(2)(A), neither the disbursing official nor the payment agency shall be liable for the amount of the offset on the basis that the underlying obligation was not satisfied. For example, if an agency certifies a payment to a Federal contractor for work completed or services provided, and that payment is offset to collect a delinquent debt that the contractor owes to another Federal agency, the contractor has been paid in full for its services. When the creditor agency credits the offset amount to the contractor's delinquent debt, the contractor has received full value for the services performed under the contract.

(f) *Offset—(1) When offset occurs.* When a match occurs and all other requirements for offset under 31 U.S.C. 3716(c), 3720A, and applicable regulations have been met, the disbursing official shall offset the payee's Federal payment to satisfy, in whole or part, the debt owed by the debtor. Offsets will continue until the debt, including any interest, penalties, and administrative costs, is paid in full or otherwise resolved to the satisfaction of the creditor agency.

(2) *Offset amount.* (i) Except as otherwise provided in 31 CFR 285.4(e) and 285.7(g) (addressing centralized offset of certain Federal benefit payments and salary payments, respectively), the disbursing official shall offset the lesser of:

(A) The amount of the payment as shown on the payment record; or

(B) The amount of the debt, including any interest, penalties and administrative costs; or

(C) In the case of retirement annuity payments certified by the Office of Personnel Management, up to twenty-five percent of the amount of the payment as shown on the payment record.

(ii) Notwithstanding paragraph (f)(2)(i) of this section, if a creditor agency has specified another amount, either in dollars or as a percentage of the payment, pursuant to paragraph (d)(15) of this section, the disbursing official shall offset the amount specified by the creditor agency.

(3) *Priorities for collecting multiple debts owed by the payee.* (i) A levy pursuant to the Internal Revenue Code of 1986 shall take precedence over deductions under this section.

(ii) When a payment may be offset to collect more than one debt under this section, amounts offset will be applied:

(A) First, to satisfy any past due support debts assigned to a State pursuant to sections 402(a)(26) and 471(a)(17) of the Social Security Act (see 26 U.S.C. 6402(c) and sections 285.1 and 285.3 of this part);

(B) Second, to satisfy any debts owed to Federal agencies;

(C) Third, to satisfy any qualifying past-due support claims not assigned to a State (see § 285.8 of this part); and sections 285.1 and 285.3 of this part); and

(D) Fourth, to any debts owed to States for debts other than past-due support (see § 285.8 of this part).

(iii) If a recurring payment is being offset to collect a debt when another debt owed by the payee with a higher priority is submitted to FMS, and if the amount that may be legally offset from such payment is insufficient to satisfy both debts, then collections for the first, lower-priority debt will be suspended or reduced until the debt with the higher priority is satisfied or is otherwise uncollectible.

(g) *Notices*—(1) *Warning notice by disbursing official to payee/debtor.* Before offsetting a recurring payment, the disbursing official, or FMS on behalf of the disbursing official, will notify the payee in writing when offsets will begin (which may be stated as a number of days or number of payments from the time of the notice) and the anticipated amount of such offset (which may be stated as a percentage of the payment). Such notice shall also provide the information contained in paragraph(g)(3) of this section.

(2) *No additional warning notice when collections are suspended and resumed.* As described in paragraph (f)(3)(iii) of this section, FMS may suspend or reduce the application of collections from a recurring payment for one debt when another debt, which is owed by the same debtor and has a higher legal priority, is submitted to FMS for collection. The disbursing official is not required to send additional warning notices when collections for the lower priority debt resume; however, pursuant to paragraph (g)(3) of this section, each offset will be accompanied by an offset notice, which explains how the offset amounts were applied.

(3) *Offset notice.* When an offset occurs under this section, the disbursing

official, or FMS on behalf of the disbursing official, shall notify the payee in writing that an offset has occurred including:

(i) A description of the payment and the amount of offset taken;

(ii) The identity of the creditor agency requesting the offset; and

(iii) A contact point within the creditor agency who will handle concerns regarding the offset.

(h) *Notification to creditor and payment agencies.* (1) FMS will notify the creditor agency of all offsets made to collect the creditor agency's debts. Such notification shall include the complete name and taxpayer identifying number of each debtor/payee, the total amounts collected from each debtor/payee's payment, and the amount of any fees charged by FMS and any other disbursing official conducting offsets. FMS will not advise the creditor agency of the source of payment from which such amounts were collected.

(2) When a non-Treasury disbursing official conducts the offset, that disbursing official will transmit to FMS all of the information necessary for FMS to send notification under paragraph (h)(1) of this section, including the amount of any fees that the creditor agency is responsible for paying.

(3) FMS will make available to the payment agency the information contained in the notification of offset, so that the payment agency may direct any questions concerning the claim to the appropriate contact person in the creditor agency.

(i) *Disposition of amounts collected.* (1) FMS will transmit amounts collected for debts, less fees charged pursuant to paragraph (j) of this section, to the appropriate creditor agency or agencies. Alternatively, FMS may bill the creditor agency for any fees charged pursuant to paragraph (j) of this section.

(2) If FMS learns from a paying agency that a payment should not have been made, and thus not offset, FMS will notify the creditor agency. FMS may deduct the offset amount from future amounts payable to the creditor agency. Alternatively, upon FMS's request, the creditor agency shall return promptly to the disbursing official an amount equal to the amount of the offset (without regard to whether any other amounts payable to such disbursing official have been paid).

(3) Generally, the disbursing official is not responsible for refunding money to debtors. The creditor agency shall notify FMS any time the creditor agency returns all or any part of an offset payment to an affected payee. FMS and the creditor agency shall adjust the debtor records appropriately.

(j) *Fees.* FMS may charge a fee sufficient to cover the full cost of implementing the centralized offset program, including the amount of any fees charged by other disbursing officials conducting an offset under this section. FMS may deduct the fees from amounts collected by offset or may bill the creditor agencies. FMS will charge fees only for actual offsets collected.

(k) *Waiver of certain provisions under the Computer Matching Privacy and Protection Act of 1988.* As authorized by 31 U.S.C. 3716(f), FMS, under a delegation of authority from the Secretary, has waived certain requirements of the Computer Matching and Privacy Protection Act of 1988, Pub. L. No. 100-503, as amended, for matches between delinquent debt records and payment records for offset purposes upon written certification by the head of the creditor agency that the requirements of 31 U.S.C. 3716(a) have been met. Specifically, for administrative offset of Federal payments other than tax refunds, FMS has waived the requirements for a computer matching agreement contained in 5 U.S.C. 552a(o) and for post-match notice and verification contained in 5 U.S.C. 552a(p) so long as the creditor agency provides certification to FMS in accordance with the provisions of paragraph (d)(6) of this section. Such waiver is not necessary for offset of Federal tax refunds, pursuant to 5 U.S.C. 552a(a)(8)(B). The Data Integrity Board of the Department of the Treasury shall review and include in reports under 5 U.S.C. 552a(u)(3)(D) a description of the matching activities conducted for centralized offset under this section. No other Data Integrity Board is required to take any action under 5 U.S.C. 552a(u) concerning these computerized comparisons.

Dated: December 19, 2002.

Richard L. Gregg,
Commissioner.
