Notes:

- 1) The FY 2022 reporting window schedule is based on OMB Circular No. A-11, Section 130.2(e).
- 2) The Bureau of the Fiscal Service will require all TAS to be reported in each reporting window, including double zero's.
- 3) Certified agency bulk files submitted during the reporting window will be used to derive the quarterly intragovernmental reporting data. NOTE: Only certified data is used for Intragovernmental Reporting.
- 4) * Agencies must certify Expenditure TAS NLT October 18, 2022, 5 p.m. ET. OMB will import submissions as of this date into the PY column of the Budget Schedule P. Agencies may revise this data later in the window but must coordinate changes with their budget offices to ensure agreement between GTAS submissions and the Budget.
- 5) The times included on the reporting window schedule represent when the bulk file flag will be turned on/off. The system will always be available for reports and analytic.
- 6) Fiscal Service will extract certified TAS balances October 18, 2022 after 5 p.m. ET for use in the Pre-Year-End Summary Report.
- 7) Fiscal Service will require Material Difference Explanations via GTAS for the final GTAS Submission; therefore, the differences that are required to be explained per I FIM 2-4700, Sections 4706.10 through 4706.45 will be done via GTAS during the Material Difference Reporting Window. The differences and required explanations will be based upon the final certified data present in the system on November 14, 2022.
