NAVY CASH SAILOR OF THE MONTH

JULY 2016

PS1 Giebenson Perturbos, Deputy Disbursing Officer onboard USS RONALD REAGAN (CVN 76) home ported Yokosuka, Japan has been selected as the Navy Cash Sailor of the Month for July 2016.

A jack of all trades, PS1 Perturbos has met and exceeded the expectation of his disbursing duties by just simply caring for his Sailors and the crew morale onboard USS RONALD REAGAN. If that means staying past midnight for a remote session with Navy Cash technicians to keep Navy Cash online at all times or planning ahead to provide the best disbursing services to the crew for a port visit, it's his way of being proactive. He expertly maintained and corrected hardware and software issues with the Navy Cash system ensuring minimal interruptions to the crew and maintained all Navy Cash equipment. While supervising his Disbursing Agents/Cashiers, he keeps a smooth operation in the Disbursing Office assisting the DISBO with all Navy Cash matters, collections, and disbursements with ZERO discrepancies, directly resulting in a FEG audit Disbursing overall grade of "Outstanding." He is directly responsible for the superb Negative Balance program onboard with ZERO negative balance over 30 days old.

His strong work ethic, positive attitude and technical capabilities all contributed to top notch Navy Cash customer support provided to over 5000 cardholders and Air wing onboard the only FDNF aircraft carrier through three successful deployments, an SRA and an INSURV – all this making PS1 Perturbos well-deserving of the title, Navy Cash Sailor of the Month!

NAVY CASH SAILOR OF THE MONTH

AUGUST 2016

ENS Schwarga, Disbursing Officer onboard USS ANZIO (CG 68), homeported in Norfolk, VA is Navy Cash's Sailor of the Month for August 2016! Since reporting onboard he proved himself to be a superstar and was an instrumental member of USS ANZIO's crew during an arduous eight month deployment to the 5th and 6th Fleet Areas of Responsibility. His proactive and positive approach ensured ANZIO's crew received uninterrupted Navy Cash services throughout deployment while augmenting the watch rotation and quickly obtaining his Helicopter Control Officer qualification.

ENS Schwarga recently completed Field Examination Group Audit in which the overall disbursing operation score was improved from satisfactory to excellent. During ANZIO's Navy Cash Service call, the Senior ENGLITY Trainer stated that his management of the system is outstanding and that he is one of the best Navy Cash Manager on the waterfront.

During his tenure as Sales Officer, S-3 division executed \$142,500 in sales and transferred over \$50,000 to MWR. In addition, his meticulous attention to inventory accuracy, coordination of equipment upkeep and repairs resulted in an increase in service to the crew. ENS Schwarga's keen customer service skills and level of care are second to none. He is well deserving of this recognition.

NAVY CASH SAILOR OF THE MONTH

SEPTEMBER 2016

LTJG Candi DeCoteau, Disbursing Officer onboard USS CHAFEE (DDG 90), homeported in Pearl Harbor, has been named the Navy Cash Sailor of the Month for September 2016.

LTJG DeCoteau's proactivity since reporting onboard in September 2014 has significantly improved the Navy Cash operation. She provided outstanding customer service ensuring all members of the crew were issued Navy Cash cards before and during the course of CHAFEE's 2015 WESTPAC/SOUTHERN SEAS Deployment. Through her constant efforts, the Navy Cash system onboard has maintained a high level of reliability for her crew to have the highest levels of customer service, which has allowed the sailors to focus on the ship's missions. In addition, she ensured that all outstanding Enrollment Forms were submitted and she currently maintains a near perfect on file rate of 97%. The training she provides to the Sailors onboard in regard to fiscal responsibility has resulted in a significant reduction in Negative Balance accounts. CHAFEE currently has zero Negative Balance accounts.

In February 2016, LTJG DeCoteau had her first Field Examination Group (FEG) Audit where she earned an OUTSTANDING in the areas of Accountability, Cash Management, and Navy Cash. For her dedication and hard work, it is an honor to recognize LTJG Candi DeCoteau as the September 2016 Navy Cash Sailor of the Month.

Future Training Events

2016 Refresher Training (Training is the 3rd week of the month. Non San Diego/Norfolk training to be combined with a Service Call if possible)

Location	Date
San Diego, CA	29 November - 2 December
Norfolk, VA	6 - 9 December
Yokosuka, JA	5 - 9 December
Everett, WA	23-25 January

Supply Corps History

The Supply Corps emerged from the traditions of ashore naval logistics and the shipboard position of [Purser](#), which had been in use with the [Royal Navy](#) since the 14th Century. The ship's Purser was primarily responsible for the handling of money and the procurement and keeping of stores and supplies.

The Supply Corps considers as its birthday February 23, 1795, when the nation's first Purveyor of Public Supplies, [Tench Francis, Jr.](#), was appointed by President [George Washington](#).

American Pursers served with distinction from the earliest days; [Samuel Hambleton](#) was a purser serving on [Oliver Hazard Perry](#)'s flagship, the [USS Lawrence](#), during the [Battle of Lake Erie](#), when he volunteered to work a gun and aided in the Americans' eventual victory. Hambleton was severely wounded by a cannonball that fell onto him from the rigging of the ship.^[2]

Unlike their line counterparts, pursers originally did not hold [rank](#). An 1854 Act of Congress legalized the relative rank conferred upon pursers by General Order of 27 May 1847. Pursers with more than twelve years' service ranked with commanders and those with less than twelve years ranked with lieutenants.
