

OTCnet offers several check scanner options to suit your organization's needs. Below are the details of all OTCnet-supported check scanners and information about how to purchase. For additional scanner equipment and pricing, please reach out to the OTCnet Deployment Team (contact information below).

Check Scanners

RDM EC9111f¹

Panini I:Deal

Panini VisionX

Functionality	Single Check Feed Scanner	Single Check Feed Scanner	Multiple Check Feed Scanner
Dual-Sided Capture	✓	✓	✓
USB Port	✓	✓	✓
Franker ²	Cartridge Sold Separately	Cartridge Sold Separately	N/A
Warranty	2 years	1 year	1 year
Documents per Minute (DPM)	N/A	N/A	X50: 50 X75: 75 X100: 100
Price	\$328	\$294	X50: \$679 X75: \$717 X100: \$822

¹Note: The EC9111f is sometimes referred to as the **EC9100i**, which refers the name of the scanner series. RDM has retired the EC7000i check scanner, although current OTCnet firmware versions will continue to support the RDM EC7000i scanner.

²The franker is an internal ink stamp that marks the check as "Electronically Presented" (RDM 9000) or "Electronically Deposited" (Panini).

How to Purchase

There are two options for purchasing scanners or additional scanner equipment:

- Interagency Agreement (IAA)** - Complete an IAA form to transfer funding for hardware from your agency to Treasury/Fiscal Service, and have the OTC Deployment Team purchase the hardware on your behalf. To purchase using an IAA or to find out more about it, contact the OTCnet Deployment Team. Once the IAA is approved by Fiscal Service, the hardware will be shipped at no cost to the agency for all domestic and APO/FPO locations.
- Agency Purchase Card:** To place an order for immediate shipment, use your agency purchase card to purchase the hardware directly from the vendor. Upon request, the OTCnet Deployment Team can provide your organization with order forms for the vendors, RDM and Cennox (Panini Scanners).
