

### Reconciliation of Net Operating Cost and Net Budgetary Outlays Crosswalk Guidance

This crosswalk serves a guide and is NOT all inclusive. While it presents the most common scenarios, agencies should use their discretionary and professional judgement for agency specific cases when preparing the reconciliation. Any issues should be reported the USSGL Team.

This crosswalk applies only to funds that have Net Cost of Operations, Net Outlays or both.

Expense (loss) items should be subtracted, while all revenue (gain) items should be added.

Cells highlighted gray should have no input data entered according to the USSGL attributes. Only unshaded boxes should contain input data.

Values used in reconciliation should be net of any intraagency transactions.
