# A MESSAGE FROM THE COMMISSIONER

**Sheryl R. Morrow**  
**Commissioner, Bureau of the Fiscal Service**

I am pleased to report that in Fiscal Year (FY) 2013, the U.S. Department of the Treasury's Bureau of the Fiscal Service (Fiscal Service) collected more than \$3.0 billion in delinquent debts on behalf of state governments. This includes recoveries of delinquent child support and nutrition assistance debts, state income tax obligations, unemployment insurance compensation fraud debts, and more. In return, states have recovered \$30.9 million in overdue debts for the federal government.

This second Annual Report to the States provides important information to the American public describing how all 50 states, the District of Columbia, and three territories are maximizing their delinquent debt recovery efforts through participation in the Treasury Offset Program (TOP). In each of the last five years, federal collections for delinquent debts owed to states have ranged between \$2.6 billion and \$3.1 billion. In FY 2013, our key accomplishments included:

- The collection of \$1.9 billion in delinquent child support obligations, in partnership with the U.S. Department of Health and Human Services, Office of Child Support Enforcement, and participating states. These funds are repaid to states or provided to meet the needs of America's families and children.
- The addition of 20 new states to the Unemployment Compensation Insurance (UIC) Program, a joint collaboration between Treasury, the U.S. Department of Labor, Internal Revenue Service and participating states, which recovered \$326.2 million in FY 2013. Since its inception in FY 2011, the UIC program has grown exponentially from three initial state participants to 37 states and the District of Columbia in FY 2013, recovering a total of \$485 million in debts arising from fraud or an employer's failure to pay its obligations.
- West Virginia and the District of Columbia were welcomed into the State Reciprocal Program (SRP). With seven states and the District of Columbia now participating, SRP recovered \$37.8 million in FY 2013, and more states are expected to join in FY 2014.
- The State Income Tax (SIT) program, with 40 states and the District of Columbia participating, recovered \$605.3 million for states in FY 2013.

The Fiscal Service has a proven track record of helping to collect long overdue funds owed to the states, recovering \$33.5 billion for participating states since the implementation of TOP in 1996. We continually look for the most effective and efficient ways to recover revenue while working with states who provide due process and an opportunity for debtors to dispute the debt or enter into a repayment plan.

Over the last six months, our TOP staff has met with numerous states to assist them in identifying ways to maximize their participation with TOP's programs. We hope your state is currently participating in each of TOP's programs as well, and benefitting from our efforts on your behalf. If you are not, I would encourage you to contact us today to schedule a federal-state partnership meeting to discuss how the Fiscal Service can help your state recover important funds it is owed.

For more information about TOP state programs, visit [www.fms.treas.gov/debt/top/states](http://www.fms.treas.gov/debt/top/states).

## TOP State Programs

The Treasury Offset Program (TOP) is a centralized offset program administered by the U.S. Department of the Treasury, Bureau of the Fiscal Service, to collect delinquent debts owed to federal agencies and states. The simple premise of TOP is that, as Treasury, we should not be paying money to those who have failed to meet their obligations to government agencies without first applying that money to the delinquent obligation. While we strive to collect the maximum amount of dollars possible, we are well aware of the need for debtors to be treated fairly. We work to ensure that debtors are provided with due process, including proper notices and dispute opportunities, as well as the chance to repay debts over time.

### ● State Income Tax Program (SIT)

TOP offsets federal tax refund payments to payees who owe delinquent state income tax obligations.

### ● State Reciprocal Program (SRP)

TOP offsets federal vendor and other non-tax payments to payees who owe delinquent debts to state agencies. In return, states offset payments to payees who owe delinquent debts to federal agencies.

### ● Unemployment Insurance Compensation Program (UIC)

In partnership with the U.S. Department of Labor, TOP offsets federal tax refund payments to payees who owe delinquent unemployment insurance compensation debts due to fraud or a person's failure to report earnings.

### ● Child Support Program

States submit delinquent child support obligations to the U.S. Department of Health and Human Services, Office of Child Support Enforcement (OCSE), which in turn submits the debts to TOP for collection through the offset of federal tax refund and other eligible payments.

### ● Supplemental Nutrition Assistance Program (SNAP)

States submit delinquent nutrition assistance obligations to the U.S. Department of Agriculture, Food and Nutrition Service (FNS), which in turn submits the debts to TOP for collection through the offset of federal tax refund and other eligible payments.
