Approve a Single Batch

To approve a batch, complete the following steps:

1. From the **Check Processing** tab, click **Batch Management**. The **Search Batch page** appears.

   **Application Tips**
   - Before approving a batch or multiple batches in offline mode, you must first access the **OTCnet Offline** icon on your terminal’s desktop and enter your User ID and password. After you have successfully logged on, search for the batch.
   - To determine if your terminal is connected to the online OTCnet server, refer to the Connection Status indicator located on the top-right of the page. If the Connection Status is green, the terminal is connected to the online OTCnet server. If the Connection Status indicator is red, the terminal is not connected to the online OTCnet server.

2. Select or enter the batch search conditions you would like to view.

   **Under Batch Search Conditions,**
   - Select the **OTC Endpoint** you want to **Approve** by checking the check box under the **Select** column

   **Under Created On Date, optional**
   - Enter the **From** and **To** date range

   **Application Tips**
   - The **From** and **To Created On Date** must be entered in MM/DD/YYYY format.
   - The **Created On Date** range cannot exceed 30 days. Additionally, if more than a 1,000 batches are created within 30 days, then only the most recent 1,000 batches appear.
   - If you run a search with the default **From** and **To Created On Date** range values, the search results include the most recent 30 days of batches that you have access to view. If more than 1,000 batches are created within the 30 days, then only the most recent 1,000 batches appear.
   - If you run a search **without** specifying any criterion (with the exception of the **Batch ID** field), the search results include the most recent 30 days of batches that you have access to view. If more than 1,000 batches are created within 30 days, then only the most recent 1,000 batches appear.

   - **Enter the Batch ID, optional**
If the only search criteria entered is a valid **Batch ID**, then only a single result appears regardless of other search criteria specified.

- **Enter the Cashier ID**, *optional*
  
  **Under Batch Status**, *optional*
  
  - **Select the Status** you want to approve by checking the **Closed** box under the **Select** column

3. **Click Search.** The **View Batches** page appears as shown in Figure 1.

**Figure 1. View Batches Page (Approve Single)**

4. **Click the Batch ID hyperlink.** The **View Checks** page appears.

5. **Click the Item ID of each scanned check.** An image of the check and details of the check appear in the window.

6. **Verify the details are correct and click Previous** to return to the View Batch page.

7. **Select the batch you want to approve by checking the box to the left of the Batch ID.**

8. **Click Approve.** The **Approve Batch** page appears.

9. **Verify that you want to approve the batch and click Confirm.** The Approve Batch page appears with the batch details.

10. **Click Confirm** to approve the batch.

**Application Tips**

- The **Confirm** button is enabled. As a best practice, export or print the **Batch List Report** prior to clicking the **Confirm** button.

- **For offline,** the user can approve the batch without needing to print the **PDF report** or export the batch list report, regardless if the **Close Batch** and/or **Approve Batch** checkboxes are checked or unchecked. The **Confirm** button is enabled.

- **If the user is closing and/or approving multiple batches offline,** **Confirm** is enabled and the user can close and/or approve multiple batches without needing to print the PDF reports or export the batch list reports. As a best practice, print the PDF reports or export the batch lists prior to closing and approving multiple batches.

11. An **Approve Batch** page appears verifying the batch has been approved.
12. Click **Return to Batch Summary**.

**Application Tip**

After a batch is approved, its status changes from **Closed** to **Approved**.

**Additional Buttons**

- Click **Cancel** to return to the OTCnet Home Page. No data will be saved.
- Click **Previous** to return to the previous page.
- Click **Activate/Deactivate** to activate or deactivate a batch.
- Click **Close Batches** to close a batch.
