**May 2026**

## OTCnet Release 5.1 Overview

The U.S. Treasury Bureau of the Fiscal Service Over the Counter Division (OTCD) is updating the Over-the-Counter Channel Application (OTCnet) to Release 5.1 in May 2026, which introduces the following updates:

### System Enhancements

- **Upgrade OTCnet Local Bridge:** The OTCnet Local Bridge (OLB) is upgraded to version 2.7.1.0 and compatible with Java 11, 17, 21, and 25.
- **Update OTCnet Logo:** The OTCnet logo is updated with the new Bureau of the Fiscal Service branding in the OTCnet Online, Kiosk, and OLB applications.
- **Include all Required Fields in Card Receipt Header:** All the required fields, including the transaction date and timestamp, are contained in the Verifone card receipt header for the OTCnet Online and Kiosk application.
- **Format User Provisioning Email Notifications:** The text in the email notifications for approving or rejecting user provisioning requests is modified to support HTML characters and improve legibility.
