

Cash Management Improvement Act Agreement
between
The State of Utah
and
The Secretary of the Treasury,
United States Department of the Treasury

The Secretary of the Treasury, United States Department of the Treasury (hereafter 'Secretary'), and State of Utah (hereafter 'State'), in order to implement Section 5 of the Cash Management Improvement Act of 1990, as amended (hereafter 'Act'), agree as follows:

1.0 AGENTS OF THE AGREEMENT

1.1 The Authorized Official(s) for the State of Utah shall be the Director of the Division of Finance, Department of Government Operations, in all matters concerning this Agreement.

1.2 The Assistant Commissioner, Revenue Collections Management, Bureau of the Fiscal Service (Fiscal Service), U.S. Department of the Treasury, shall act as the Secretary's representative in all matters concerning this Agreement.

1.3.0 The purpose of the Act is to encourage the development of efficient cash management systems and to ensure equity in the transfer of funds from Federal agencies to States and ultimately to program recipients. The computation and payment of interest is not the objective of the Act. The interest provisions are intended to make the terms under which funds are transferred more equitable and to provide an incentive for better cash management.

The purpose of this Agreement is to set forth the terms and conditions which shall govern the transfer of funds between agencies of the Federal Government and the State in order to comply with the purpose of the Act as stated above. This Agreement also outlines how the State shall track and report the flow of these Federal funds for the programs described herein.

2.0 AUTHORITY

2.1 The authority for this Agreement is the Cash Management Improvement Act of 1990 (Public Law 101-453), as amended by the Cash Management Improvement Act of 1992 (Public Law 102-589), codified at 31 U.S.C. 6501 and 31 U.S.C. 6503.

2.2 The regulations codified at 31 CFR Part 205 shall apply to all matters pertaining to this Agreement, and are incorporated herein by reference. In the event of any inconsistency between this Agreement and 31 CFR Part 205, the regulations shall govern.

3.0 DURATION, AMENDING, TERMINATING, AND MISCELLANEOUS PROVISIONS

3.1 This Agreement shall take effect on 07/01/2026 and shall remain in effect until 06/30/2027.

3.2 This Agreement may be amended at any time by written, mutual consent of the State and the Fiscal Service. This Agreement shall be amended annually to incorporate new programs that qualify as major Federal assistance programs and remove programs that no longer qualify as major Federal assistance programs. A State must notify the Fiscal Service in writing within 30 days of the time the State becomes aware of a change that involves additions or deletions of programs subject to Subpart A, changes in funding techniques, and/or changes in clearance patterns. The notification must include a proposed amendment for review by the Fiscal Service.

3.3 Notwithstanding section 3.2, in the event of Federal or State non-compliance with Subpart B of 31 CFR, Part 205, the Fiscal Service may amend this Agreement at any time to incorporate additional programs and the entities that administer those programs.

3.4 This Agreement may be terminated by either party with 30 days written notice. If this Agreement is terminated, the Fiscal Service will prescribe the funding techniques, clearance patterns, and methods for calculating interest liabilities to be used by the State.

4.0 PROGRAMS COVERED

4.1 The State's threshold and its major Federal assistance programs shall be determined based on the State's Single Audit Report for fiscal year ending 06/30/2025.

All major Federal assistance programs shall be covered by this Agreement, unless otherwise specified in section 4.4 of this Agreement.

4.2 The State's threshold for major Federal assistance programs is \$43,140,562.

The following programs meet or exceed the threshold and are not excluded in Section 4.4:

ALN	Program Name
10.551	Supplemental Nutrition Assistance Program
10.555	National School Lunch Program
10.557	WIC Special Supplemental Nutrition Program for Women, Infants, and Children
12.401	National Guard Military Operations and Maintenance (O&M) Projects
17.225F	Unemployment Insurance -- Federal Benefit Account and Administrative Costs
17.225S	Unemployment Insurance -- State Benefit Account
20.205	Highway Planning and Construction
64.015	Veterans State Nursing Home Care
84.010	Title I Grants to Local Educational Agencies
84.027	Special Education -- Grants to States
84.126	Rehabilitation Services -- Vocational Rehabilitation Grants to States
93.558	Temporary Assistance for Needy Families
93.575	Child Care and Development Block Grant
93.596	Child Care Mandatory and Matching Funds of the Child Care and Development Fund
93.767	Children's Health Insurance Program
93.778	Medical Assistance Program
97.036	Disaster Grants - Public Assistance (Presidentially Declared Disasters)
97.047	BRIC: Building Resilient Infrastructure and Communities

4.3 The following programs fall below the State's threshold but have been required to be covered by Fiscal Service in accordance with the non-compliance provisions of Subpart B of 31 CFR Part 205:

There are currently no programs listed for Section 4.3.

4.4 The following programs exceed the State's threshold but have been excluded from coverage for the reason indicated:

There are currently no programs listed for Section 4.4.

5.0 ENTITIES COVERED

5.1 State agencies and instrumentalities that meet the definition of a State per 31 CFR Part 205, shall be subject to the terms of this Agreement. The following is a list of such entities that administer funds under the programs listed in Section 4.0 of this Agreement:

- Department of Health and Human Services
- Department of Public Safety
- Department of Transportation
- Department of Veterans and Military Affairs
- Department of Workforce Services
- State Board of Education
- Utah National Guard

5.2 Entities that meet the definition of a Fiscal Agent per 31 CFR Part 205 shall be subject to the terms of this Agreement. The following is a list of Fiscal Agents that administer funds under the programs listed in the Section 4.0 of this Agreement:

Fiscal Agent	ALN	Program Name
Conduent	10.551	Supplemental Nutrition Assistance Program

6.0 FUNDING TECHNIQUES

6.1 General Terms

6.1.1 The State shall request Federal funds in accordance with the appropriate cut-off times shown in Exhibit I to ensure funds will be received and credited to a State account by the times specified in the funding techniques. Exhibit I is incorporated by reference herein.

6.1.2 The State shall schedule the receipt of Federal funds such that the funds are received and credited to a State account in accordance with the clearance patterns specified in Exhibit II - List of State Clearance Patterns. Exhibit II is incorporated by reference herein.

6.1.3 In instances where the receipt of funds is scheduled for a Saturday, the State shall request funds for deposit on Friday. In instances where the receipt of funds is scheduled for a Sunday, the State shall request funds for deposit on Monday. In instances where the receipt of Federal funds is scheduled for deposit on a day when the State is not open for business, the State shall request funds for deposit the day following the scheduled day; in instances where the receipt of Federal funds is scheduled for deposit on a day when the Federal Government is not open for business, the State shall request funds for deposit the day prior to the scheduled day.

6.1.4 Estimates and Reconciliation of Estimates:

Where estimated expenditures are used to determine the amount of the drawdown, the State will indicate in the terms of the State unique funding technique how the estimated amount is determined and when and how the State will reconcile the difference between the estimate and the State's actual expenditures.

6.1.5 Supplemental Funding:

Unless otherwise defined by program rules, Supplemental Funding is the award of additional funds to provide for an increase in costs due to unforeseen circumstances.

The State will comply with all Federal program agency policies and procedures for requesting supplemental grant funding.

The State will comply with the following guidelines when requesting supplemental funding for the Medical Assistance Program and associated administrative payments (ALN 93.778):

The State must submit a revised Medicaid Program Budget Report (CMS-37) to request supplemental funding. The CMS guidelines and instructions for completing the CMS-37 are provided in Section 2600F of the State Medicaid Manual (SMM). The CMS/CO must

receive the revised Form CMS-37 through the Medicaid Budget Expenditure System/Children's Budget Expenditure System (MBES/CBES) no later than 10 calendar days before the end of the quarter for which the supplemental grant award is being requested.

Additional guidance on this policy is available from the respective CMS Regional Office, U.S. Department of Health & Human Services.

The State will comply with the following guidelines when requesting supplemental funding for TANF (ALN 93.558), CCDF (ALN 93.575), CSE (93.563), and the FC/AA (ALN 93.658 and ALN 93.659) programs administered by the U.S. Department of Human Services, Administration for Children and Families (HHS/ACF):

a. Timing of the Request

A State should initiate its request for supplemental funding during a quarter as soon as it becomes aware of the fact that a shortfall does/will exist. For the TANF and CCDF grants, supplemental funding requests (estimates) may be submitted by a State, for consideration by ACF, up through and including the 15th day of the third month of the first, second or third quarter of any fiscal year. Since TANF and CCDF are block grant programs, all unawarded portions of the annual allotment will automatically be issued at the beginning of the fourth quarter. Therefore, supplemental funding requests will not be available during the fourth quarter for these programs. For the CSE and FC/AA programs, supplemental funding requests may be submitted by a state, for consideration by ACF, up through and including the 15th day of the third month of any quarter of a fiscal year.

b. Justification for the Request

The request for a supplemental funding for any of the above-mentioned programs should contain a justification clearly documenting the need for the additional funding authority during the current quarter. This documentation should be in the form of State accounting records or similar documents that will show the actual expenditures through the most recent month for which such data are available, as well as the State's most accurate projection of its anticipated expenditures during the remaining month(s) of the quarter. For either the TANF or the CCDF program, the State's justification should also include an explanation of the activities requiring the obligation and/or expenditure of amounts that exceed the normal quarterly grant award restrictions and why these activities could not have been delayed until the next quarter.

c. Form Submittal

Supplemental funding requests should be made by completing the appropriate ACF quarterly report of expenditures and estimates applicable to the particular program for which the grant award request is being made.

d. Approval Process

Upon receipt of the state's request for additional funding authority for a quarter, the ACF Regional Office will promptly review the supporting documentation. If the request is properly justified, so long as ACF has adequate funding availability, the State's request will be expedited and supplemental funding will be issued within 5 days of ACF receiving the request. The State will be notified by the Regional Office when the supplemental award has been transmitted to the Payment Management System (PMS) and when it may initiate drawdowns against the supplemental funding.

Additional guidance on this policy is provided in the U.S. Department of Health & Human Services, Administration for Children and Families, letter (May 19, 2004) to State Administrators from the Deputy Assistant Secretary for Administration.

6.2 Description of Funding Techniques

6.2.1 The following are terms under which standard funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Funding Technique Name	Description
------------------------	-------------

Actual Clearance, ZBA - ACH	The State shall request funds such that they are deposited by ACH in a State account on the settlement date of payments issued by the State. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The amount of the request shall be for the amount of funds that clear the State's account on the settlement date. This funding technique is interest neutral.
Actual Clearance, ZBA - Same Day Payment	The State shall request funds the same day it pays out funds, in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. A Federal agency will deposit funds in a State account the same day as requested. The amount of the request shall be for the amount of funds that clear the State's account that day. This funding technique is interest neutral.

6.2.2 The following are terms under which funding techniques for administrative costs shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

There are currently no funding techniques listed in Section 6.2.2.

6.2.3 The following are terms under which miscellaneous funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

There are currently no funding techniques listed in Section 6.2.3.

6.2.4 The following are terms under which State unique funding techniques shall be implemented for all transfers of funds to which the funding technique is applied in section 6.3.2 of this Agreement.

Funding Technique Name	Description
Actual Clearance (ZBA)--ACH (modified)	This program is handled as a zero balance account program between the State and its WIC voucher processing bank, but not between the State and the Federal Government, due to the State not being able to meet Federal Reserve cut-off times. These techniques shall be defined as a modified zero-balance method and neither the State nor the Federal Government shall incur an interest liability if these procedures are followed. The request shall be made in accordance with cut-off times in Exhibit I. The banking system clears the WIC vouchers through the Federal Reserve Bank clearing house and debits the processing bank for the total amount of the vouchers. The voucher processor emails the amount of today's clearings less the previous day's rejects to the State Department of Health and Human Services (DHHS). After receiving notification from DHHS and approval from the State Division of Finance, the State Treasurer's office then wires the exact amount to the processing bank, thus maintaining a zero balance for the day at the processing bank. While this is happening, DHHS requests a reimbursement draw from the U.S. Department of Agriculture via the ASAP system to reimburse the State Treasurer. Money is received by ACH on the next business day. This funding technique is interest neutral.
Actual Draw - Monthly	The State shall draw down funds monthly after month-end accounting reports are verified of the previous month's actual expenditures. Requests shall be made in accordance with the cut-off time(s) in Exhibit 1. Amount(s) drawn will be the accumulation of costs since the last draw. This funding technique is interest neutral.
Administration Costs	Admin warrants clear within 7 dollar-weighted business days. Most State agencies run weekly reports of all admin expenditures for the previous week. For a Monday through Friday report period, assuming an equal number of warrants are disbursed prior to and after Wednesday, Wednesday is assigned as the day of issuance for all warrants. The State shall request funds such that they are deposited by ACH on the dollar-weighted average day of clearance from the day of issuance. Requests will be made in accordance with cut-off time in Exhibit I. The following may be drawn together: (1) Payroll. Payroll comprises about 80% of total admin costs. Payday is every other Friday. Over 99% of payroll is paid and received on Friday via ACH direct deposit. The rest is paid by warrant on Friday and clears within 7 dollar-weighted business days. Because most payroll dollars clear immediately, the dollar-weighted clearance time for payroll is less than one business day, and the Federal government is not out of pocket as long as Federal funds are not received before the payroll Friday. (2) Administrative Costs Other Than Payroll. Such costs include

	travel, supplies, and other operating expenses. Warrants are disbursed throughout the week and clear within 7 dollar-weighted business days. (3) Internal Agency Transfers (IATs). The Federal government incurs no interest liability on costs transferred to another State agency via IAT since the drawdown for such transfers typically occurs at least a month after the funds have been disbursed. This funding technique is interest neutral.
Average Clearance (modified)	Warrants are issued daily. By assigning Wednesday as the middle of the week and assuming an equivalent amount of expenditures are paid prior to, and after Wednesday, the day of issuance is defined as Wednesday for all warrants issued during each weekly Monday through Friday period. The State shall request funds such that they are deposited by ACH on the dollar-weighted average day of clearance for the disbursement, in accordance with the clearance pattern specified in Exhibit II. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. This funding technique is interest neutral.
DWS Cost Allocation (Estimates)	Projected weekly administrative costs are drawn on the same basis as the Administrative Costs funding technique. Weekly estimates are assumed to represent warrants that are paid daily and that clear within seven dollar-weighted business days. For a Monday through Friday period, assuming an equal amount of warrants are disbursed prior to and after Wednesday, Wednesday is assigned as the day of issuance for all warrants. The State shall request weekly estimated amounts such that they are deposited by ACH on the dollar-weighted average day of clearance from Wednesday. The request will be made in accordance with cut-off time in Exhibit I. The Department of Workforce Services (DWS) uses a fully cost-allocated accounting system incorporating both Random Moment Time Sampling (RMTS) and Direct Labor time charging. Projected weekly administrative costs are developed using forecast-based estimates, which are reviewed to ensure they are reasonable and adequate based on current information. To the extent possible, these estimates are not adjusted during the quarter unless a significant change in facts occurs. This funding technique is interest neutral.
Highway P&C Technique	After accounting transactions are posted to the State's general ledger and cost accounting system, the transactions affecting ALN 20.205 are loaded into another computer program called the Federal Bill. Within the Federal Bill, data related to each project is stored and all costs are segregated by a project number. The Federal Bill is run weekly, accumulating all new expenditure transactions since the last run. These transaction types include journal entries, adjustments, payroll direct deposit or warrants, or vendor or other payments made via EFT or warrant, as well as project and contract amendments. The Federal Bill allocates amounts to each project. After the Federal Bill is checked for accuracy, it is submitted to the Federal Highway Administration (FHWA) in Salt Lake City. Federal funds are requested to be received within two days of submission to FHWA. As long as a Federal Bill and request for reimbursement are not presented to the FHWA more often than once each calendar week, and as long as the State receives the Federal funds within two days of submission, neither the State nor the Federal Government shall incur an interest liability. If Federal funds are not received by the business day after they are requested, the Federal Government shall incur an interest liability from the business day following the date Federal funds were requested until the date Federal funds are received in the State's bank account. The request shall be made in accordance with cut-off times in Exhibit I. This funding technique is interest neutral.
Medicaid/CHIP Composite Average Clearance	Internal accounting reports are run weekly on Monday for the previous Monday through Friday. The report includes all expenditures paid since the previous weekly report. These reports include amounts paid out by warrants, EFTs, and funds moved by inter-agency and intra-agency transfers. By assigning Wednesday as the midpoint business day of the report period and assuming an equivalent amount of expenditures are paid prior to, and after Wednesday, the day of issuance for all payments is defined as Wednesday. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The State shall request funds such that they are deposited by ACH on the dollar-weighted average day of clearance from midpoint Wednesday, in accordance with the clearance pattern specified in Exhibit II. This funding technique is interest neutral.
Reimbursable Funding	This funding technique applies only to programs connected with the Army and Air National Guard. Disbursements are made through general state warrants with a typical

	clearance pattern of seven business days or EFTs with a clearance pattern of 1 day, with the majority being EFTs. Funds shall be requested only after month-end accounting reports are received and reviewed, typically during the second week of the month following the actual expenditures. Reimbursement requests shall be based on actual expenditures identified through this review process. Reimbursement requests shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. This funding technique is interest neutral.
USBE Composite Average Clearance	Internal accounting reports are run weekly on Thursday for the previous Wednesday through Tuesday. The report includes all expenditures paid since the previous weekly report. These reports cover all federal programs operated by the State Board of Education, and they include amounts paid out by warrants, EFTs, and funds moved by inter-agency and intra-agency transfers. By assigning Friday as the midpoint business day of the report period and assuming an equivalent amount of expenditures are paid prior to, and after Friday, the day of issuance for all payments is defined as Friday. The request shall be made in accordance with the appropriate Federal agency cut-off time specified in Exhibit I. The State shall request funds such that they are deposited by ACH on the dollar-weighted average day of clearance from midpoint Friday, in accordance with the clearance pattern specified in Exhibit II. This funding technique is interest neutral.
VMA Actual Draw - Monthly	Utah VMA does not control when the monthly federal payment requests are made. The State Officer (SO) at each veterans home bills the federal system once a month for the previous month's service. The SO then notifies the Utah VMA that the request was made. Utah VMA pays the veterans home five (5) business days before the end of the month the federal payment request was made, which is typically before Utah VMA receives payment. Utah VMA receives payment by the first of the month following the payment request. The payment posts to the Utah VMA bank two days after they post to the federal website. Amount(s) drawn will be the accumulation of costs since the last draw. This funding technique is interest neutral.

6.3 Application of Funding Techniques to Programs

6.3.1 The State shall apply the following funding techniques when requesting Federal funds for the component cash flows of the programs listed in sections 4.2 and 4.3 of this Agreement.

6.3.2 Programs

Below are programs listed in Section 4.2 and Section 4.3.

10.551 Supplemental Nutrition Assistance Program
 Recipient: Department of Workforce Services
 % of Funds Agency Receives: 100
 Component: Benefit--Electronic benefit transfer (EBT)
 Technique: Actual Clearance, ZBA - Same Day Payment
 Average Day of Clearance: N/A

10.555 National School Lunch Program
 Recipient: State Board of Education
 % of Funds Agency Receives: 100
 Component: Program Costs
 Technique: USBE Composite Average Clearance
 Average Day of Clearance: 2 Days

10.557 WIC Special Supplemental Nutrition Program for Women, Infants, and Children
 Recipient: Department of Health and Human Services
 % of Funds Agency Receives: 77
 Component: Benefit--Funds distributed by wire transfer to WIC voucher processing bank
 Technique: Actual Clearance (ZBA)--ACH (modified)

Average Day of Clearance: N/A

10.557 WIC Special Supplemental Nutrition Program for Women, Infants, and Children

Recipient: Department of Health and Human Services

% of Funds Agency Receives: 23

Component: ADMINISTRATION FUNDS

Technique: Administration Costs

Average Day of Clearance: 7 Days

12.401 National Guard Military Operations and Maintenance (O&M) Projects

Recipient: Utah National Guard

% of Funds Agency Receives: 100

Component: All Funds

Technique: Reimbursable Funding

Average Day of Clearance: N/A

17.225F Unemployment Insurance -- Federal Benefit Account and Administrative Costs

Recipient: Department of Workforce Services

% of Funds Agency Receives: 92

Component: Benefit--Funds distributed by EFT

Technique: Actual Clearance, ZBA - ACH

Average Day of Clearance: N/A

17.225F Unemployment Insurance -- Federal Benefit Account and Administrative Costs

Recipient: Department of Workforce Services

% of Funds Agency Receives: 8

Component: ADMINISTRATION FUNDS

Technique: DWS Cost Allocation (Estimates)

Average Day of Clearance: 7 Days

17.225S Unemployment Insurance -- State Benefit Account

Recipient: Department of Workforce Services

% of Funds Agency Receives: 100

Component: Benefit--Funds distributed by EFT

Technique: Actual Clearance, ZBA - ACH

Average Day of Clearance: N/A

20.205 Highway Planning and Construction

Recipient: Department of Transportation

% of Funds Agency Receives: 100

Component: All Funds

Technique: Highway P&C Technique

Average Day of Clearance: N/A

64.015 Veterans State Nursing Home Care

Recipient: Department of Veterans and Military Affairs

% of Funds Agency Receives: 100

Component: Direct Program

Technique: VMA Actual Draw - Monthly

Average Day of Clearance: N/A

84.010 Title I Grants to Local Educational Agencies

Recipient: State Board of Education

% of Funds Agency Receives: 100

Component: Program Costs

Technique: USBE Composite Average Clearance

Average Day of Clearance: 2 Days

84.027 Special Education -- Grants to States

Recipient: State Board of Education

% of Funds Agency Receives: 100

Component: Program Costs

Technique: USBE Composite Average Clearance

Average Day of Clearance: 2 Days

84.126 Rehabilitation Services -- Vocational Rehabilitation Grants to States

Recipient: Department of Workforce Services

% of Funds Agency Receives: 21

Component: Benefit--Funds distributed by EFT

Technique: Actual Clearance, ZBA - ACH

Average Day of Clearance: N/A

84.126 Rehabilitation Services -- Vocational Rehabilitation Grants to States

Recipient: Department of Workforce Services

% of Funds Agency Receives: 79

Component: Benefit & Admin--Funds distributed by means other than EFTs

Technique: Average Clearance (modified)

Average Day of Clearance: 7 Days

93.558 Temporary Assistance for Needy Families

Recipient: Department of Workforce Services

% of Funds Agency Receives: 51

Component: Benefit--Funds distributed by electronic benefits transfers (EBT)

Technique: Actual Clearance, ZBA - Same Day Payment

Average Day of Clearance: N/A

93.558 Temporary Assistance for Needy Families

Recipient: Department of Workforce Services

% of Funds Agency Receives: 49

Component: ADMINISTRATION FUNDS

Technique: DWS Cost Allocation (Estimates)

Average Day of Clearance: 7 Days

93.575 Child Care and Development Block Grant

Recipient: Department of Workforce Services

% of Funds Agency Receives: 1

Component: Benefit - Funds distributed by means other than EFTs

Technique: Average Clearance (modified)

Average Day of Clearance: 7 Days

93.575 Child Care and Development Block Grant

Recipient: Department of Workforce Services

% of Funds Agency Receives: 80

Component: Benefit--Funds distributed by EFT

Technique: Actual Clearance, ZBA - Same Day Payment

Average Day of Clearance: N/A

93.575 Child Care and Development Block Grant

Recipient: Department of Workforce Services

% of Funds Agency Receives: 19

Component: Administrative - Funds distributed by means other than EFTs

Technique: DWS Cost Allocation (Estimates)

Average Day of Clearance: 7 Days

93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund

Recipient: Department of Workforce Services

% of Funds Agency Receives: 72

Component: Benefit--Funds distributed by EFT

Technique: Actual Clearance, ZBA - Same Day Payment

Average Day of Clearance: N/A

93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund

Recipient: Department of Workforce Services

% of Funds Agency Receives: 1

Component: Benefit - Funds distributed by means other than EFTs

Technique: Average Clearance (modified)

Average Day of Clearance: 7 Days

93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund

Recipient: Department of Workforce Services

% of Funds Agency Receives: 27

Component: Administration Funds

Technique: Administration Costs

Average Day of Clearance: 7 Days

93.767 Children's Health Insurance Program

Recipient: Department of Health and Human Services

% of Funds Agency Receives: 100

Component: Program Costs

Technique: Medicaid/CHIP Composite Average Clearance

Average Day of Clearance: 1 Day

93.778 Medical Assistance Program

Recipient: Department of Health and Human Services

% of Funds Agency Receives: 100

Component: Program Costs

Technique: Medicaid/CHIP Composite Average Clearance

Average Day of Clearance: 1 Day

97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)

Recipient: Department of Public Safety

% of Funds Agency Receives: 100

Component: All Funds

Technique: Actual Draw - Monthly

Average Day of Clearance: N/A

97.047 BRIC: Building Resilient Infrastructure and Communities

Recipient: Department of Public Safety

% of Funds Agency Receives: 100

Component: All Funds

Technique: Actual Draw - Monthly

Average Day of Clearance: N/A

6.3.3 Materiality Exemptions

Agencies exempt from coverage on the basis of materiality:

None

7.0 CLEARANCE PATTERNS

7.1 The State shall develop separate clearance patterns for each of the following:

The State shall include the results of the clearance pattern process for programs where the timing of drawdowns is based on clearance patterns. Check clearance patterns are developed for situations in which state warrants are issued for the covered programs listed in section 4.2, including payments to beneficiaries, vendors providing services, payroll, and non-payroll administrative costs. We elected to use the average clearance method rather than the estimated clearance method since it would be more cost-effective and efficient for the State.

7.2 The following shall develop the State's clearance patterns:

The State of Utah Department of Government Operations Division of Finance shall develop the State's clearance patterns, calculating them at least every five years.

7.3 The sources of data the State shall use when developing its clearance patterns are as follows:

Warrant issuance data is extracted from the State's general accounting systems. Clearance dates are provided to the State by the State's warrant processing banks.

7.4 The State shall use the following methodology when developing its clearance patterns:

When developing each clearance pattern, the State shall track at least 99% of the funds disbursed, from issuance to clearance, for a period of at least three months.

7.5 The State shall identify for each check or warrant (hereafter, check) in the population: (1) the date the check was released for payment; (2) the date the check was debited from the State's account, and, (3) the amount of the check.

7.6 The State shall use the following method to calculate the dollar-weighted average day of clearance:

To determine the number of days each check was outstanding (clearance time), the issue date shall be subtracted from the date the check cleared the State's account.

To determine the percentage of the disbursement paid out each day following issuance, the amount of the checks that clear the State's account each day shall be summed and then divided by the amount of the total disbursement.

For each day following issuance, the clearance time of the checks paid out that day shall be multiplied by the percentage of the total disbursement those checks represent. This product is the clearance factor.

The dollar-weighted average day of clearance for the disbursement shall be determined by summing the clearance factor of each day following the disbursement.

7.7 The State shall adjust each clearance pattern to reflect the dollar-weighted proportion of funds paid out by EFT/Direct payroll, with the following exceptions:

No exceptions.

The State shall also adjust each clearance pattern to reflect:

No adjustments.

7.8 Each of the State's clearance patterns is calculated in Business days.

7.9 An authorized State official shall certify that each clearance pattern developed by the State accurately corresponds to the clearance activity of the programs to which it is applied. This certification shall be provided to the Fiscal Service prior to the effective date of the Agreement. The State shall recertify its clearance patterns at least every five years.

7.10 The State shall follow the procedures of 31 CFR 205 if it has actual or constructive knowledge, at any time, that a clearance pattern does not correspond to a program's clearance activity.

8.0 INTEREST CALCULATION METHODOLOGY

8.1 General Terms

8.1.1 The State and the Secretary agree that no interest liabilities will be incurred for transfers of funds made in accordance with the procedures specified in section 6 of this Agreement where the following funding techniques are applied:

Actual Clearance (ZBA)--ACH (modified)
 Actual Clearance, ZBA - ACH
 Actual Clearance, ZBA - Same Day Payment
 Actual Draw - Monthly
 Administration Costs
 Average Clearance (modified)
 DWS Cost Allocation (Estimates)
 Highway P&C Technique
 Medicaid/CHIP Composite Average Clearance
 USBE Composite Average Clearance
 VMA Actual Draw - Monthly

8.1.2 The State shall maintain information on disbursements and receipts of funds to verify the implementation of any funding technique and document interest liabilities.

For each disbursement, the State shall be able to identify:

- (1) amount of the issuance
- (2) date of issuance
- (3) date Federal funds are received and credited to a State account
- (4) amount of Federal funds received
- (5) date funds were requested

8.2 Federal Interest Liabilities

8.2.1 A Federal interest liability shall accrue from the day the State pays out its own funds for program purposes to the day Federal funds are credited to a State account. With regard to funds transferred out of the Federal Highway Trust Fund, if a State does not bill at least weekly for current project costs, the Federal interest liability shall not accrue prior to the day the State submits a request for funds.

8.2.2 The State shall use the following method to calculate Federal interest liabilities:

Actual Activity

For all transactions where the State pays out its own funds for program purposes prior to receiving Federal funds, the State shall track each payment from the date it is paid out of a State account to the date Federal funds are subsequently credited to a State account to cover that outlay. The Federal interest liability on each payment shall be based on the difference in whole days between the two events. With Federal-State matching programs, interest shall be calculated on the Federal percentage of the disbursement.

8.3 The Unemployment Trust Fund

8.3.1 The State shall use the following method to calculate State interest liabilities on funds withdrawn from the several accounts in the Unemployment Trust Fund:

Federal Funds Interest Neutral, State Funds not

Based on statements provided by its financial institution (or other appropriate sources), the State shall determine the actual interest earnings and the related banking costs attributable to funds withdrawn from its account in the UTF. At the end of the State's fiscal year, the State shall calculate the percentage of its total unemployment compensation expenditures for (1) funds withdrawn from the State account in the UTF, or the State %, and (2) funds withdrawn from the Federal Employees Compensation Account (FECA) and the Extended Unemployment Compensation Account (EUCA) and any other accounts of Federal funds in the UTF, or the Federal %.

The actual interest earnings of the benefit payment account on the whole constitute the actual interest earnings attributable to funds withdrawn from the State account in the UTF, since the State shall apply an appropriate interest neutral funding technique, to funds withdrawn from the FECA and EUCA and any other benefit accounts of Federal funds in the UTF from which the State draws.

The State shall calculate the related banking costs attributable to funds withdrawn from the State account in the UTF by multiplying the State % by the amount of the related banking costs of the benefit payment account as a whole. The State's liability for interest on funds withdrawn from its account in the UTF shall consist of the actual interest earnings of the benefit payment account on the whole less the related banking costs attributed to such funds.

8.4 Refund Liabilities

8.4.1 The State shall be liable for interest on refunds from the date the refund is credited to a State account until the date the refund is debited from the State account for program purposes. The State shall apply a \$50,000 refund transaction threshold below which the State shall not incur or calculate interest liabilities on refunds. A transaction is defined as a single deposit.

8.4.2 For each refund, the State shall maintain information identifying:

- (1) date a refund is credited to a State account
- (2) date of the subsequent deposit of Federal funds against which the refund is offset
- (3) amount of the refund

8.4.3 The State shall use the following methodology to calculate interest liabilities on refunds:

Refunds Deposited to Interest Neutral Programs

With programs to which applicable interest neutral funding techniques are applied, the State interest liability shall be based on the difference in whole days between the date the refund is deposited in a State account and the date the refund is offset against a subsequent deposit of Federal funds.

8.5 Exemptions

8.5.1 Where more than one State agency is a recipient of Federal funds under a program, a particular State agency's funding may be excluded from interest calculation procedures if the State agency receives an amount of funds less than 5 % of the State's threshold for major Federal assistance programs. Notwithstanding this potential exemption, however, in no case shall less than 90% of a program's total funding be subject to interest calculation procedures.

Proration of calculations: If less than total program funding is subject to interest calculation procedures, the resulting interest liability calculations shall be prorated to 100% of program funding.

8.6 State Interest Liabilities

8.6.1 The State shall be liable for interest on Federal funds from the date Federal funds are credited to a State account until the date those funds are paid out for program purposes.

8.6.2 The State shall use the following method to calculate State interest liabilities on Federal funds:

8.6.2.1 Measuring Time Funds Are Held

Deposit to Clearance

To determine the total time Federal funds are held, the State shall measure the time between the date Federal funds are received and credited to a State's account and the date those funds are debited from the State's account.

8.6.2.2 Source of Data

Clearance Patterns

The time period from issuance of funds to the date funds are debited from the State's account shall be determined by the appropriate clearance pattern specified in Exhibit II.

8.6.2.3 Standards Applied

Census (Average Daily Balance)

The average daily cash balance of Federal Funds in the program's account reflects the actual activity of each draw from the date of deposit to the date of issuance or clearance, whichever is pertinent.

8.6.2.4 Calculation Procedure

Average Daily Balance

$I = ADB \times R$, where

I = State's total interest liability

ADB = Average Daily Balance of cash in a program's account, measured from deposit to clearance

R = Annualized rate equal to the average equivalent yields of 13-week Treasury bills auctioned during a State's fiscal year

9.0 REVERSE FLOW PROGRAMS

The State is not required to cover any reverse flow programs under the terms of this Agreement because the State does not participate in the program.

10.0 INTEREST CALCULATION COSTS

10.1 As set forth in 31 CFR 205.27, interest calculation costs are defined as those costs necessary for the actual calculation of interest, including the cost of developing and maintaining clearance patterns in support of the interest calculations. Interest calculation costs do not include expenses for normal disbursing services, such as processing of checks or maintaining records for accounting and reconciliation of cash balances, or expenses for upgrading or modernizing accounting systems. Interest calculation costs in excess of \$50,000 in any year are not eligible for reimbursement, unless the State provides justification with the annual report.

10.2 The State expects to incur the following types of interest calculation costs:

Costs incurred in compiling and analyzing data related to interest calculations and in preparing the State's Annual Report to the Fiscal Service are considered Interest Calculation Costs.

10.3 The State shall submit all claims for reimbursement of interest calculation costs with its Annual Report in accordance with 31 CFR 205.

11.0 NON-COMPLIANCE

11.1 The provisions of 31 CFR Part 205.29 and 31 CFR Part 205.30 shall apply in cases of non-compliance with the terms of this Agreement.

LIST OF STATE CLEARANCE TIMES

(Rounded Dollar-Weighted Average Day of Clearance)

Clearance Times Where the Timing of A Draw Down Is Based on A Clearance Pattern

ALN	Program Name	Recipient	%	Component	Technique	Rounded days
10.551	Supplemental Nutrition Assistance Program	Department of Workforce Services	100.0	Benefit--Electronic benefit transfer (EBT)	Actual Clearance, ZBA - Same Day Payment	N/A
10.555	National School Lunch Program	State Board of Education	100.0	Program Costs	USBE Composite Average Clearance	2 Days
10.557	WIC Special Supplemental Nutrition Program for Women, Infants, and Children	Department of Health and Human Services	77.0	Benefit--Funds distributed by wire transfer to WIC voucher processing bank	Actual Clearance (ZBA)--ACH (modified)	N/A
	WIC Special Supplemental Nutrition Program for Women, Infants, and Children	Department of Health and Human Services	23.0	ADMINISTRATION FUNDS	Administration Costs	7 Days
12.401	National Guard Military Operations and Maintenance (O&M) Projects	Utah National Guard	100.0	All Funds	Reimbursable Funding	N/A
17.225 F	Unemployment Insurance -- Federal Benefit Account and Administrative Costs	Department of Workforce Services	92.0	Benefit--Funds distributed by EFT	Actual Clearance, ZBA - ACH	N/A
	Unemployment Insurance -- Federal Benefit Account and Administrative Costs	Department of Workforce Services	8.0	ADMINISTRATION FUNDS	DWS Cost Allocation (Estimates)	7 Days
17.225 S	Unemployment Insurance -- State Benefit Account	Department of Workforce Services	100.0	Benefit--Funds distributed by EFT	Actual Clearance, ZBA - ACH	N/A
20.205	Highway Planning and Construction	Department of Transportation	100.0	All Funds	Highway P&C Technique	N/A
64.015	Veterans State Nursing Home Care	Department of Veterans and Military Affairs	100.0	Direct Program	VMA Actual Draw - Monthly	N/A
84.010	Title I Grants to Local Educational Agencies	State Board of Education	100.0	Program Costs	USBE Composite Average Clearance	2 Days
84.027	Special Education -- Grants to States	State Board of Education	100.0	Program Costs	USBE Composite Average Clearance	2 Days
84.126	Rehabilitation Services -- Vocational Rehabilitation Grants to States	Department of Workforce Services	21.0	Benefit--Funds distributed by EFT	Actual Clearance, ZBA - ACH	N/A
	Rehabilitation Services -- Vocational Rehabilitation Grants to States	Department of Workforce Services	79.0	Benefit & Admin--Funds distributed by means other than EFTs	Average Clearance (modified)	7 Days

93.558	Temporary Assistance for Needy Families	Department of Workforce Services	51.0	Benefit--Funds distributed by electronic benefits transfers (EBT)	Actual Clearance, ZBA - Same Day Payment	N/A
	Temporary Assistance for Needy Families	Department of Workforce Services	49.0	ADMINISTRATION FUNDS	DWS Cost Allocation (Estimates)	7 Days
93.575	Child Care and Development Block Grant	Department of Workforce Services	1.0	Benefit - Funds distributed by means other than EFTs	Average Clearance (modified)	7 Days
	Child Care and Development Block Grant	Department of Workforce Services	80.0	Benefit--Funds distributed by EFT	Actual Clearance, ZBA - Same Day Payment	N/A
	Child Care and Development Block Grant	Department of Workforce Services	19.0	Administrative - Funds distributed by means other than EFTs	DWS Cost Allocation (Estimates)	7 Days
93.596	Child Care Mandatory and Matching Funds of the Child Care and Development Fund	Department of Workforce Services	72.0	Benefit--Funds distributed by EFT	Actual Clearance, ZBA - Same Day Payment	N/A
	Child Care Mandatory and Matching Funds of the Child Care and Development Fund	Department of Workforce Services	1.0	Benefit - Funds distributed by means other than EFTs	Average Clearance (modified)	7 Days
	Child Care Mandatory and Matching Funds of the Child Care and Development Fund	Department of Workforce Services	27.0	Administration Funds	Administration Costs	7 Days
93.767	Children's Health Insurance Program	Department of Health and Human Services	100.0	Program Costs	Medicaid/CHIP Composite Average Clearance	1 Day
93.778	Medical Assistance Program	Department of Health and Human Services	100.0	Program Costs	Medicaid/CHIP Composite Average Clearance	1 Day
97.036	Disaster Grants - Public Assistance (Presidentially Declared Disasters)	Department of Public Safety	100.0	All Funds	Actual Draw - Monthly	N/A
97.047	BRIC: Building Resilient Infrastructure and Communities	Department of Public Safety	100.0	All Funds	Actual Draw - Monthly	N/A

Certification

I hereby certify that an authorized State official has certified at least every five years that the "Rounded Days of Clearance" listed in Exhibit 2 of this Treasury-State Agreement:

1. Have been prepared in accordance with the standards provided in 31 CFR 205.20;
2. Accurately represent the flow of Federal funds under the Federal assistance programs to which they apply;
3. Reflect seasonal or other periodic variations in the clearance activities; and,
4. Are auditable.
